

THE CITY OF WINNIPEG

**RECORDS MANAGEMENT BY-LAW
NO. 166/2003**

**A By-law of THE CITY OF WINNIPEG to
provide for the management, retention,
safekeeping, disposition and destruction of
records.**

WHEREAS The City of Winnipeg Charter provides that Council shall pass a by-law to provide for the management, retention, safekeeping, disposition and destruction of records.

AND WHEREAS the City Archives and Records Control Branch is responsible for the stewardship of historical civic information including making records available in public programming activities, and for research.

NOW THEREFORE THE CITY OF WINNIPEG, in Council assembled, enacts as follows:

Title

1. This By-law shall be known as the **"Records Management By-law"**.

Definitions

2. In this By-law:

"archival" means records that have enduring historical or other value, as determined by the City Archivist, that warrant continued preservation.

"destruction" means the process of eliminating or deleting records, beyond any possible reconstruction.

"disposition" means the transfer of a city record to the City Archives or its destruction.

"record" means any kind of recorded information that is created or received by, or in the custody or control of, the City regardless of its physical form or its characteristics and includes;

- a) information recorded on paper, photographic film, microfilm, videotape or disk or in a computer system;
- b) a copy of the record; and
- c) a part of the record;

but does not include a personal or constituency record of a member of Council.

"records management" means the management of records from the time of creation through disposition.

"safekeeping" means the preservation of records.

Records Management Program

3. The Records Management Program as set out in Schedule "A" to the by-law is hereby adopted and shall apply to all records.

Retention, Disposal and Transfer of Records

4. All City records must be retained and disposed of in accordance with Schedules "B" and "C" to this by-law.

5. Any record not listed in Schedules "B" and "C" shall be retained until the written approval of the Records Committee to destroy or transfer to the City Archives is obtained.

6. The management and safe-keeping of all records transferred to the City Archives shall be the responsibility of the City Archivist.

Appointment of City Archivist and Records Committee

7. Council shall designate an employee as City Archivist who must;

- 1) establish and administer a system of records management to serve the current and long-term requirements and interests of the City; and

- 2) perform such other duties and functions and exercise such other powers as may be assigned to the City Archivist by Council.
8. Council by resolution shall appoint a Records Committee which shall be composed of the City Archivist, or designate, who shall be the Chairman of the Committee and such other individuals as Council shall, from time to time designate. The Records Committee shall make recommendations to Council, and implement policies and procedures approved by Council, for the management, retention, safekeeping, disposition and destruction of records.
9. By-law No. 8150/02 is repealed.
10. This by-law comes into force on January 1, 2004.

DONE AND PASSED in Council assembled, this 17th day of December, 2003.

Schedule A

Records Management Program

1. Records Management

A records management program, as specified in this schedule, is established under the direction of the City Archivist for the purpose of managing:

- (1) City records; and
- (2) Records of the community and private sources in the custody and control of the City, and which in the opinion of the City Archivist are of archival value.

2. Micrographics and Electronic Image Management

Where a source record is converted to microfilm or an electronic form:

- (1) The conversion process must meet standards as determined by the City Archivist; and
- (2) The disposition of the source record must be carried out in accordance with schedules B and C.

3. Custody and Control of Records

- (1) All records in the custody and control of employees of the City which are created or received in the context of their employment are subject to the provisions of this by-law.
- (2) Records may be disposed of or transferred to another institution where, in the opinion of the City Archivist, such records:
 - (a) Have no archival value; or
 - (b) Have physically deteriorated beyond the point of reasonable conservation efforts; or
 - (c) Would be more appropriately preserved by another institution.

4. **Access to Records**

(1) General Access and Security Requirements

Subject to subsection 4(2), all records must:

- (a) Be accessible in accordance with all applicable legislation; and
- (b) Be handled and stored in a manner that ensures the security and integrity of such records.

(2) Archival Records

- (a) The City Archivist may restrict access and use of archival records to protect the privacy of individuals named in such archival records, or to protect the records from loss or damage.
- (b) The City Archivist may enter into an agreement with a private organization or person to acquire their records, and to restrict access to them in accordance with the terms and conditions of the agreement.

5. **Disposition of Records**

- (1) Records identified for destruction must be destroyed in a manner that ensures the protection of confidentiality and completeness of destruction.
- (2) Records transferred to the City Archives shall be managed and controlled by the City Archivist.

6. **Preservation of Records**

Records will be preserved in accordance with appropriate standards as determined by the City Archivist.

Schedule B

Standard Administrative Records Schedules

(Classes of records that are *common to* all City Departments)

HOW TO INTERPRET THIS DOCUMENT

The purpose of the Records Retention and Classification Schedule is to describe and classify types of records in City of Winnipeg Departments, and to specify how long records must be kept before they may be destroyed or transferred to the Archives.

The **LIST OF RECORDS CLASSIFICATIONS** indicates the reference number for each class of records, based on a classification of functions commonly found throughout City departments. Schedule B contains classes of records that are common to all City Departments.

The **RETENTION AND DISPOSITION SCHEDULES** after the List of Records Classifications contain descriptions of the classes of records, and examples of the types of documents that may be found in each class, with instructions regarding retention and disposition.

FUNCTION means the function that is supported by the class of records.

DESCRIPTION is a description of the types of documents that might be found in a class of records.

RETENTION & DISPOSITION indicates the *minimum* period of time that records must be kept before they may be destroyed. Departments may keep records longer than the retention period indicated as required. Where there are conflicts between retention periods in Schedule B and C, the class with the longer retention period shall be used.

The **ARCHIVAL** disposition means that records will be transferred to the City Archives and subject to the terms of Schedule A.

LIST OF RECORDS CLASSIFICATIONS

1.00 BUILDING MANAGEMENT

- 1.01 Accommodations Records
- 1.02 As-built Drawings

10.0 TRANSITORY RECORDS

RETENTION AND DISPOSITION SCHEDULES STANDARD ADMINISTRATIVE RECORDS

1.00 BUILDING MANAGEMENT

Records related to building operations, maintenance and management to ensure the functionality of facilities required for public service delivery and support

1.01 Accommodations Records

Function: To record the administration of a civic building or facility

Description: Correspondence, reports, agreements, contracts, manuals, and other records related to building operations and maintenance

Retention & Disposition: Destroy 2 years after obsolete or superseded

1.02 As-built Drawings

Function: To provide a record of drawings that depict a final installed configuration (physical or functional)

Description: Engineering drawings, incorporating all field mark-ups (construction drawings), design change notices, approved change orders/requests, deficiency reports, and modifications. Includes electrical, plumbing, heating, ventilation, air conditioning, lighting, water and sewage, and telecommunications systems drawings

Retention & Disposition: Destroy 2 years after obsolete or superseded

1.03 Building Alteration & Repair Records

Function: To provide a record of alterations and repairs carried out on a civic building or facility

Description: Correspondence, proposals, contracts, agreements, reports, drawings, specifications, operating manuals and other records related to building alterations and repairs. Includes mechanical, electrical, plumbing, carpentry and utilities records related to repairs and alterations made to civic buildings, community clubs, recreation centres, arenas, wading pools, aquatics facilities

Retention & Disposition: Destroy 1 year after completion or cancellation of alteration or repair

1.04 Building Maintenance Records

Function: To provide a record of routine building maintenance related to ensuring the functionality of a facility required for public service delivery and support

Description: Correspondence, proposals, contracts and agreements, reports, drawings, specifications, operating manuals and other records related to the provision of routine maintenance services for civic buildings. Includes mechanical, electrical, plumbing, carpentry, custodial and security maintenance and operations records for civic buildings, community clubs, recreation centres, areas, and swimming pools

Retention & Disposition: Destroy 1 year after completion or cancellation of service

1.05 Building Security Records

Function: To maintain an onsite record of building security measures and activities related to a civic building or facility

Description: Correspondence, reports, and other records related to the implementation and maintenance of physical security measures within a civic building or facility, including access restrictions, safeguards, incident reports of security breaches and violations. Includes records related to the installation, maintenance and operation of security systems, working alone policies and procedures, and local safety committee minutes and reports

Retention & Disposition: Destroy after 5 years

1.06 Building Security - Daily Control Records

Function: To provide a record of the day-to-day administration of building security

Description: Daily logs, registers, reports and other records and communications regarding routine security procedures

Retention & Disposition: Destroy after 1 year

1.07 Facilities Booking Records

Function: To maintain a record of requests received for booking and use of a civic facility

Description: Facilities booking requests, schedules, reservation records and all related correspondence and communications

Retention & Disposition: Destroy after 1 year

1.08 Fire Prevention Records

Function: To maintain an on-site record of fire prevention and safety measures and activities related to a civic building or facility

Description: Correspondence, logs, plans, and reports related to fire drills, fire alarms, inspections and investigations as well as records related to the installation and maintenance of fire extinguishers, sprinkler and alarm systems

Retention & Disposition: Destroy after 5 years

1.09 Property Management Records

Function: To provide a record of the general management of a civic property

Description: Correspondence, reports, agreements and other records related to property management matters. Includes records related to purchase, rental, leasing, or construction of facilities and space planning and utilization

Retention & Disposition: Destroy after 6 years

1.10 Universal Design Records

Function: To provide a record of the implementation and administration of universal design to meet the needs of a broad array of users, including people with disabilities, in designing products, information, services and the built environment

Description: Correspondence, reports, plans, working papers and other records related to the administration of the City's Universal Design policy

Retention & Disposition: Destroy after 5 years

1.11 Utilities Service Records

Function: To provide a record of utility consumption

Description: Service logs, reports, statements, reading notices and other records related to civic building or facility and utilities consumption. Includes hydro, natural gas, telephone, and water service records

Retention & Disposition: Destroy after 6 years

2.00 DEPARTMENTAL FINANCIAL MANAGEMENT

Records related to the financial management and operation of a City department

2.01 Accounting Journals & Ledgers

Function: To record the transfer of charges between accounts and summaries of account information

Description: Journals, ledgers and other records that provide final or cumulative (year-end) summaries of account information

Retention & Disposition: Destroy after 10 years

2.02 Accounting Records – General

Function: To maintain a daily record of accounting activities

Description: Correspondence, reports, control documents and other records related to data entry and maintenance of year-to-date financial information. Includes reports, control documents and other records related to financial information systems

Retention & Disposition: Destroy 1 year after verification of data entry

2.03 Accounts Payable/Receivable

Function: Records related to the payment of financial obligations and receipt of revenues

Description: Accounts payable records, including invoices, statements, payment

vouchers, expense reports, account reconciliations, cheque registers, as well as working papers and other documents related to the payment of accounts. Accounts receivable records, including remittance journals, transaction reports, receipts distribution, revenue reports, including revenue, deposits and refunds, trial balance ledger and general detail reports, working papers and other documents related to receipt transactions, billing and collecting of receivables

Retention & Disposition: Destroy after 6 years

2.04 Banking Records

Function: Records related to banking activities

Description: Deposit records, cheques, bank statements, reconciliations, drafts, cancelled checks, check registers and other cash management records

Retention & Disposition: Destroy after 6 years

2.05 Banking Records – Daily Cash Management

Function: To record the daily management of cash in city departments and offices

Description: Cash receipts, cash register tapes, daily reconciliations and reports and other related records

Retention & Disposition: Destroy after 1 year

2.06 Budget Files

Function: To provide a record of the preparation of annual budgets

Description: Draft budgets, financial statements, approved budgets, correspondence, reports, working papers, meeting minutes and other records related to the coordination of planning activities including analysis and evaluation of programs and the preparation of annual budgets

Retention & Disposition: Destroy after 2 years

2.07 Capital Property Records

Function: To record the purchase and sale of property, equipment and improvements

Description: Records of financial obligations associated with capital expenditures; records of the purchase of land and equipment, furnishings and motor vehicles; material transfers, work orders, records of additions or improvements to buildings or equipment, property reporting records

Retention & Disposition: Destroy 15 years after file closure

2.08 Grants & Subsidies Records

Function: To maintain a record of the acquisition or issuance of grants and subsidies

Description: Grant applications; grant revenue information and related correspondence and other documents

Retention & Disposition: Destroy after 6 years

2.09 Payroll Administration Records

Function: To provide a record of the departmental administration of the payroll function

Description: Payroll reports, statements, copies of Revenue Canada T4 forms including year-end salary and deduction information for each employee and other documents related to the payment of employee salaries and benefits for each payroll period

Retention & Disposition: Destroy after 6 years

2.10 Payroll Administration Records – Daily Records

Function: To provide a daily record of employee attendance and hours worked for the purpose of the administration of bi-weekly payroll periods

Description: Employee time cards, attendance records, time sheet, and other records related to daily time keeping and payroll administration

Retention & Disposition: Destroy after 1 year

2.11 Strategic Planning Records

Function: To provide a record of operational and financial objectives

Description: Correspondence, reports, statistics, working papers and other records pertaining to the approval of annual budgets and business plans

Retention & Disposition: Destroy after 4 years

3.00 DEPARTMENTAL HUMAN RESOURCES MANAGEMENT

Records related to departmental administration of Human Resources services

3.01 Applications for Employment

Function: To maintain a record of unsolicited resumes and applications for employment

Description: Unsolicited applications for employment and resumes and related correspondence

Retention & Disposition: Destroy after 1 year

3.02 Collective Agreement Records

Function: To maintain a record of signed collective agreements between the City of Winnipeg and its various employee unions and associations

Description: Correspondence and reports, including guidelines, interpretations, notes and other documents related to the administration of a collective agreement

Retention & Disposition: Destroy 2 years after obsolete or superseded

3.03 Compensation & Benefits Records

Function: To record the administration of employee compensation and benefit plans

Description: Records of compensation and benefits paid out and distributed to department employees, including sick and disability leave records, maternity leave records, medical and dental insurance records, vacation, leave of absence records and other related records

Retention & Disposition: Destroy 6 years after file closure

3.04 Employee Claims Files

Function: To provide a record of claims for compensation from the City of Winnipeg filed by employees

Description: Applications forms, correspondence, supporting documentation and other records related to submission, review and approval of employee claims. Includes expense,

tuition, professional development and training, Workers Compensation Board and other employee claims

Retention & Disposition: Destroy 60 years after file closure

Function: To record the administration of departmental professional development and employee training programs

Description: Correspondence, planning and project records, course and workshop outlines and curricula, attendance records, evaluations, status reports, and other records related to the development and delivery of employee training and development

Retention & Disposition: Destroy after 5 years

3.06 Employee Records

Function: To maintain a record of employment for all City of Winnipeg employees including permanent, part-time, seasonal, student and casual employees

Description: Individual employee files contain correspondence, employment applications, resumes, performance appraisals, benefits information, copies of change forms and other records pertaining to the administration of human resources services and an individual's employment history including notices of severance, termination, retirement and resignation. Includes salary information, records of remuneration, records of compensation and benefits received, education and professional development, as well as employee training records. May also include criminal investigation reports, conflict of interest records, and other related correspondence and communications

Retention & Disposition: Destroy 60 years after file closure

3.07 Human Resources Officers' Records

Function: To record the administration of departmental human resources programs and services

Description: Policies and procedures, correspondence, reports, and other records related to the administration of departmental human resources services

Retention & Disposition: Destroy after 5 years

3.08 Job Competition Files

Function: To record the administration of job competitions

Description: Job postings, advertisements, screening criteria, job descriptions, applications and resumes, interview notes and rationale for selection as well as correspondence and other documents related to filling a job vacancy

Retention & Disposition: Destroy after 2 years

3.09 Job Description Records

Function: To maintain a record of current City of Winnipeg job descriptions and classifications

Description: City of Winnipeg job descriptions and classifications along with accompanying correspondence and research information

Retention & Disposition: Destroy 2 years after obsolete or superseded

3.10 Labour Relations Files

Function: To maintain a record of labour relations cases

Description: Correspondence including correspondence and communications with union representatives, formal grievances, discussion papers, interviews and statements, investigation reports, legal opinions, settlement strategies and resolutions, arbitration decisions and other documents related to the processing and resolution of grievances filed by City employees

Retention & Disposition: Destroy 10 years after file closure

3.11 Occupational Health & Safety Program Records

Function: To record the administration of departmental occupational health and safety programs

Description: Records related to the administration of departmental occupational health and safety programs, including correspondence and communications, promotional materials, minutes of local health and safety committees, and records of training and instructional sessions

Retention & Disposition: Destroy 2 years after obsolete or superseded

3.12 Volunteer Records

Function: To maintain a record of individuals performing voluntary service for City of Winnipeg departments or offices

Description: Records related to the interview, training, orientation, assignment, supervision and evaluation of volunteers

Retention & Disposition: Destroy 2 years after file closure

4.00 DEPARTMENTAL INFORMATION MANAGEMENT

Records related to departmental development, implementation, maintenance, and support of information systems

4.01 Application Development Records

Function: To record the development, design and modification of system applications

Description: Records related to the development, design and modification of system applications, including planning and project records, correspondence and communications, requests for proposal, implementation and evaluation records

Retention & Disposition: Destroy 2 years after discontinuance of system and data has been transferred or destroyed

4.02 Computer Hardware Documentation

Function: To maintain a record of the operation, use and maintenance of computing hardware

Description: Operating manuals, system requirements, configuration and control systems and related correspondence

Retention & Disposition: Destroy after use of hardware is discontinued and data has been transferred and destroyed

4.03 Network Administration Records

Function: To maintain a record of the installation, usage and servicing of information networks

Description: Installation records, planning and project records, related communications and correspondence, related statistical records, service and repair records

Retention & Disposition: Destroy after 3 years

4.04 System Backups

Function: To maintain records needed to restore or recover an information system

Description: Copies of master files, databases, applications, software, logs, directories and other related records needed to restore or recover a system

Retention & Disposition: Destroy after obsolete or operational requirements cease

4.05 System Documentation

Function: To maintain a record of the use, operation and maintenance of application systems

Description: User guides, specifications, program descriptions, flowcharts and other related records

Retention & Disposition: Destroy 2 years after discontinuance of system and data has been transferred or destroyed

4.06 Technical Support Records

Function: To maintain a record of information technology support services

Description: Inspection reports, service requests and other related records

Retention & Disposition: Destroy after 3 years

4.07 Vendor & Supplier Files

Function: To maintain a record of information systems service providers and suppliers

Description: Correspondence, proposals and responses to RFPs, agreements including service and licensing agreements and other documents related to the provision by vendors and suppliers of goods and services that pertain to information systems functions

Retention & Disposition: Destroy 6 years after file closure

5.00 DEPARTMENTAL SERVICE MANAGEMENT

Records related to the general administration of a City department

5.01 Access & Privacy Records

Function: To record the administration of *The Freedom of Information and Protection of Privacy Act (FIPPA)* and *The Protection of Personal Health Information Act (PHIA)* as carried out by a city department

Description: Correspondence, reports and other records related to the administration of access and privacy legislation by a city department. Includes complaints concerning the administration of *FIPPA* and *PHIA* and other correspondence with the Manitoba Ombudsman

Retention & Disposition: Destroy 2 years after obsolete or superseded

5.02 Accreditation Records

Function: To maintain a record of compliance as required by accreditation agencies

Description: Policies, standards, inspection records and other records related to compliance with accreditation requirements

Retention & Disposition: Destroy 2 years after obsolete or superseded

5.03 Administrative Directives

Function: To maintain a record of current administrative directives

Description: Copies of approved administrative directives

Retention & Disposition: Destroy 2 years after obsolete or superseded

5.04 Administrative Reports

Function: To maintain a record of administrative reports presented to Council

Description: Administrative reports, related correspondence and other records related to the preparation and presentation of administrative reports

Retention & Disposition: Destroy 2 years after obsolete or superseded

5.05 Applications for Access to Information

Function: To maintain a record of applications received by a department under *The Freedom of Information and Protection of Privacy Act*

Description: Applications for access to records under *FIPPA* received by a City department, related correspondence, and notes

Retention & Disposition: Destroy 5 years after file closure

5.06 Audit Reports

Function: To provide a record of audits and examination reports

Description: Correspondence, reports and other records related to the preparation of audit reports. Includes annual audit, examination of operations, special audits and other financial and procedural audit reports

Retention & Disposition: Destroy after 6 years

5.07 Chronological Files

Function: To maintain a chronological record of correspondence

Description: Copies of all correspondence arranged chronologically

Retention & Disposition: Destroy after 1 year

5.08 Contracts & Agreements

Function: To maintain a record of signed contracts and agreements and the administration of contracts and agreements

Description: Signed agreements and contracts, amendments, reports and related correspondence

Retention & Disposition: Destroy 6 years after termination or expiry of agreements or contract

5.09 Corporate Communication Records

Function: To maintain a record of the creation, development and publication of internal and external corporate communications

Description: Correspondence, drafts, artwork, printing requisitions, and publications

Retention & Disposition: Destroy 2 years after obsolete or superseded

5.10 General Inquiry Records

Function: To provide a daily record of inquiries from members of the general public, media, businesses, organizations and other levels of government

Description: Daily records of inquiries received by City reception, help and information desks, including complaints and requests for assistance and information

Retention & Disposition: Destroy after 1 year

5.11 Mail Control Records

Function: To record the dispatch of inter-office and external mail

Description: Mailing and distribution lists, returned mail, receipts and correspondence related to the dispatch and receipt of City mail

Retention & Disposition: Destroy after 1 year

5.12 Office Files

Function: To provide a record of day to day office administration activities

Description: Subject files including departmental correspondence as well as external correspondence concerning department operations and related administrative issues. Includes copies and originals of directives, administrative policies and procedures, staff meeting minutes, routine management reports, operations and work schedules and logs, budget and planning material, requisitions and purchase orders and presentations, working papers and other documents related to general office administration

Retention & Disposition: Destroy after 2 years

5.13 Policies & Procedures

Function: To maintain a record of departmental policies and procedures

Description: Policies and procedures, including manuals, handbooks, directives, guidelines and other related records

Retention & Disposition: Destroy 2 years after obsolete or superseded

5.14 Project Files

Function: To maintain a record of the planning, design, execution and administration of projects

Description: Project plans, related research and statistical material, project team meeting minutes, related correspondence and communications, analysis and evaluation records

Retention & Disposition: Destroy 2 years after file closure or conclusion or termination of project

5.15 Reference Material

Function: To maintain a library of published material for reference purposes

Description: Publications that have been acquired and maintained for convenience of reference, including directories, newspaper clippings, supplier catalogues, periodicals, newsletters, legislation, video and audio tapes, and other library materials. Also includes copies of by-laws, press releases, Hansard, council minutes, reports, brochures, pamphlets and other City publications

Retention & Disposition: Destroy after obsolete or superseded

5.16 Statistics

Function: To collect and maintain statistics for planning and reporting purposes

Description: Records related to the collection and use of statistics for planning and reporting purposes

Retention & Disposition: Destroy 2 years after obsolete or superseded

6.00 FLEET MANAGEMENT

Records related to the management and operation of the City's fleet of vehicles and equipment

6.01 Fleet Maintenance Records

Function: To provide a record of fleet inventory maintenance and repair

Description: Correspondence, work orders, reports, service manuals, and other records related to routine maintenance, testing, servicing, and repair of City vehicles and equipment.

Retention & Disposition: Destroy after 2 years

6.02 Fleet Inventory Records

Function: To provide a record of current fleet inventory

Description: Correspondence, vehicle registrations, warranties, and other records related to the ownership and registration of fleet vehicles and equipment

Retention & Disposition: Destroy 2 years after obsolete or superseded

6.03 Fleet Procurement Records

Function: To provide a record of fleet vehicle and equipment procurement

Description: Correspondence, agreements and contracts, and other records related to the procurement of fleet vehicles and equipment

Retention & Disposition: Destroy 2 years after obsolete or superseded

6.04 Fleet Vehicle Usage Records

Function: To record the usage of fleet vehicles

Description: Schedules, trip logs, routine reports and other records related to vehicle use

Retention & Disposition: Destroy after 6 years

6.05 Fuel Consumption & Dispensing Records

Function: To maintain a record of fuel consumption by fleet vehicles and equipment

Description: Weekly, monthly and annual reports and other cumulative records of fuel consumption by fleet vehicles and equipment

Retention & Disposition: Destroy after 2 years

7.00 MATERIALS & SUPPLIES MANAGEMENT

Records related to the management and administration of supplies, materials, and equipment

7.01 Hazardous Materials Records

Function: To maintain a record of the storage and disposal of hazardous materials

Description: Storage records, manifests, bills of lading, receipts and other records related to the storage, transportation and handling of hazardous materials and compliance with environmental regulations

Retention & Disposition: Destroy after 15 years

7.02 Materials & Supplies Inventory Records

Function: To maintain a current record of materials, supplies and equipment

Description: Correspondence, reports, and other records related to current inventory of materials supplies and equipment. Includes inventory lists and other records related to the administration of inventory systems

Retention & Disposition: Destroy 2 years after obsolete or superseded

7.03 Procurement Records

Function: To provide a record of the purchasing of supplies, materials and equipment necessary for departmental operations

Description: Correspondence, Requests for Proposals, specifications, tenders, requisitions, purchase orders, agreements and contracts, reports and other records related to the procurement of materials and supplies.

Retention & Disposition: Destroy 6 years after file closure

8.00 RECORDS MANAGEMENT

Records related to the systematic control of records

8.01 File Plan Records

Function: To maintain a record of current filing systems

Description: Filing system procedures, subject classification guides, directory structures, file keys, file lists, indexes, and other records related to the design and operation of filing systems

Retention & Disposition: Destroy 2 years after obsolete or superseded

8.02 Records of Destruction

Function: To record the destruction of records

Description: Certificates of destruction, approvals, transfer lists and related records

Retention & Disposition: Archival

8.03 Records Transfer Lists

Function: To record the physical transfer of records to City Archives and Records Control Centre or to other off-site storage facilities

Description: Transfer lists, location lists, box contents lists and related records

Retention & Disposition: Destroy 2 years after obsolete or superseded

9.00 SUPPORTING BUSINESS DEVELOPMENT

Records related to land use by land developers in order to promote the orderly development and optimal use of urban land for Winnipeg

9.01 Development Agreements

Function: To maintain a record of agreements concerning property development

Description: Copies of signed agreements, reports and related correspondence

Retention & Disposition: Destroy 2 years after obsolete or superseded

9.02 Development Applications

Function: To maintain a record of the administration of property development applications

Description: Applications, supporting documentation, correspondence, reports and related records

Retention & Disposition: Destroy 2 years after obsolete or superseded

9.03 Hearing Files

Function: To maintain a record of the proceedings of public hearings concerning land use and development issues

Description: Applications, submissions, presentations, notifications, minutes and other procedural records, decisions and other records related to the hearing process

Retention & Disposition: Destroy 2 years after obsolete or superseded

10.00 TRANSITORY RECORDS

Records that have only short term or immediate value

Function: Not applicable

Description: Records that are:

- Retained solely for convenience of reference
- Required solely for the completion of a routine action or preparation of another record
- Of no significance or value in documenting City business transactions

Not an integral part of a City record

Not filed regularly with records or filing systems

Not required to meet statutory obligations or to sustain administrative or operational functions

About social events that are not City events

Not related to City business

Voice mail messages

Retention & Disposition: Destroy immediately after no longer needed

Schedule C

Departmental Records Schedules

(Classes of records that are ***not*** common to all City Departments, and that support internal departmental operations)

HOW TO INTERPRET THIS DOCUMENT

The purpose of the Records Retention and Classification Schedule is to describe and classify types of records in City of Winnipeg Departments, and to specify how long records must be kept before they may be destroyed or transferred to the Archives.

The **LIST OF RECORDS CLASSIFICATIONS** indicates the reference number for each class of records, based on a classification of functions in each department. Schedule B contains classes of records that are not common to all City Departments, and that support internal departmental operations.

The **RETENTION AND DISPOSITION SCHEDULES** after the List of Records Classifications contain descriptions of the classes of records, and examples of the types of documents that may be found in each class, with instructions regarding retention and disposition.

FUNCTION means the function that is supported by the class of records.

DESCRIPTION is a description of the types of documents that might be found in a class of records.

RETENTION & DISPOSITION indicates the *minimum* period of time that records must be kept before they may be destroyed. Departments may keep records longer than the retention period indicated as required. Where there are conflicts between retention periods in Schedule B and C, the class with the longer retention period shall be used.

The **ARCHIVAL** disposition means that records will be transferred to the City Archives and subject to the terms of Schedule A.

LIST OF RECORDS CLASSIFICATIONS

AUDIT DEPARTMENT

11.00 AUDITING

- 11.01 Audit Reports
- 11.02 Audit Working Papers

CHIEF ADMINISTRATIVE OFFICER (CAO) SECRETARIAT

12.00 CAO SECRETARIAT

- 12.01 Chief Administrative Officer's (CAO) Files

Function: To maintain a record of development applications received for the approval of a conditional use

Description: A conditional use order is required when changes are made to a property and these changes are outside existing zoning regulations. Development applications, plans, report, servicing agreements, correspondence, orders and other records related to a conditional use. May also include records related to the filing, hearing and deciding of an appeal related to an application for a conditional use

Retention & Disposition: Archival

92.02 Development/Servicing Agreements

Function: To maintain a record of agreements between the City and developers pursuant to the approval of development applications. Includes development, servicing, zoning and sub-division agreements

Description: Signed agreements pursuant to the approval of a development application covering the installation of municipal services within new or existing streets and lanes, payment of land drainage trunk charges, dedication of land for public open space or payment of cash-in-lieu thereof and other matters related to the development of land. A development agreement sets out the legal responsibilities of the City and of the developer over the life of a development. Also includes letters of credit, records of payment, correspondence and other records pertaining to administration of signed development or servicing agreements

Retention & Disposition: Archival

92.03 Encroachment Files

Function: To maintain a record of approved encroachments

Description: Encroachment applications, plans and other supporting documentation,

correspondence and other documents related to the approval of the construction, maintenance or removal of an encroachment such as a permanent sign or awning. Also includes correspondence, reports and other records related to payment of an annual encroachment license fees

Retention & Disposition: Destroy 6 years after file closure

92.04 Home Occupation Permit Applications

Function: To maintain a record of applications received for a home occupation permit

Description: Permit applications, supporting documentation, correspondence and other documents related to the issue of a home occupation permits for a home-based business

Retention & Disposition: Destroy 2 years after obsolete or superseded

92.05 Mobile Sign Applications

Function: To maintain a record of applications received for mobile advertising sign permits

Description: Permit applications, supporting documentation, correspondence and other documents related to a permit to display mobile advertising and poster signs

Retention & Disposition: Destroy after 6 months after file closure

92.06 Plumbing & Electrical Contractors' Licensing Records

Function: To provide a record of the licensing of plumbing and electrical contractors

Description: Contractors' license applications, licensing examinations, supporting documentation, correspondence and other documents related to the licensing of contractors

Retention & Disposition: Destroy after 6 years

92.07 Subdivision, Rezoning & Development Applications

Function: To provide a record of applications received for approval of subdivision, rezoning and development of properties

Description: Applications include certificates of title, written authorizations, building location sketches, correspondence and preliminary plans

for subdivisions as well as final approvals. May also include development/servicing agreements, zoning agreements, hearing records, by-laws and other records related to review and approval of sub-divisions, rezoning and development applications. Also includes applications for approval of condominium plan of survey, consent for conveyance, amendment of a zoning agreement, rezoning, or amendment to a zoning by-law, supporting documentation and related correspondence

Retention & Disposition: Archival

92.08 Street Name Records

Function: To provide a record of City of Winnipeg street names (c.1970 to present) including reserved and legal street names

Description: Correspondence and other documents related to street names and their history

Retention & Disposition: Archival

92.09 Zoning Atlas Sheets

Function: To maintain a record of City of Winnipeg zoning districts

Description: Atlas sheets provide a record of zoning changes

Retention & Disposition: Archival

92.10 Zoning Compliance Letters

Function: To maintain a record of requests received for zoning compliance information pertaining to a specific piece of property

Description: Correspondence and copies of zoning form letters

Retention & Disposition: Destroy 2 years after obsolete or superseded

92.11 Zoning Inspection Files

Function: To maintain a record of zoning inspections as carried out by City inspectors

Description: Violation notices, occupancy and building permits, zoning letters and correspondence related to zoning inquiries and inspection of specific addresses

Retention & Disposition: Destroy 2 years after obsolete or superseded

92.12 Zoning Memorandum

Function: To provide a record of applications received for issuance of a zoning memorandum

Description: A zoning memorandum is a document that indicates that a building or structure complies or does not comply as to its location on a zoning lot and zoning by-laws. An application for a zoning memorandum is submitted with a copy of the building location certificate prepared by a Manitoba Land Surveyor

Retention & Disposition: Destroy 2 years after obsolete or superseded

92.13 Zoning Variance Applications

Function: To maintain a record of development applications received for approval of a variance

Description: A variance is required when changes are made to a property and these changes are outside the guidelines of the by-law. Development applications, plans, servicing agreements, correspondence, orders and other records related to the approval of a zoning variance. May also include records related to the filing, hearing and deciding of an appeal related to an application for a zoning variance

Retention & Disposition: Archival

PROPERTY DEPARTMENT

ASSESSMENT

Records related to the activities and responsibilities of the City Assessor as specified under *The Municipal Assessment Act* and *The City of Winnipeg Charter*.

Also includes records related to the Property Assessment Department and its respective service responsibilities. Includes records related to the valuation and classification of all real property, personal property, and business occupancies within the City of Winnipeg for the purpose of distributing taxes fairly to the City's citizens.

93.00 PROPERTY ASSESSMENT

93.01 City Assessor's Files

Function: To provide a record of general administration of the Property Assessment Department as carried out by the City Assessor

Description: Correspondence, reports, agreements, directives, minutes, legal opinions and advice and other documents related to the management, direction and control of the Property Assessment Department

Retention & Disposition: Archival

93.02 Property Assessment Files

Function: To maintain a record of assessments of real property parcels and related services provided to the property owner or occupants. Includes commercial property parcels

Description: Correspondence, reports and other records pertaining to ownership, subdivision, or other real property transactions. May include copies of permits, by-laws, change forms, photographs and other documents relating to changes to the property and its taxable value as determined by assessment or tax personnel. If an assessment is further appealed, files include copies of notice of

appeal, briefs, proceedings, decision and other documents related to an appeal made to the Court of Appeal

Retention & Disposition: Destroy 10 years after file closure

93.03 Property Assessment Rolls

Function: To provide a record of the current year property assessment as carried out under *The Municipal Assessment Act*

Description: Certified assessment rolls are filed by assessment year. Entries are for assessable realty parcels and personal property subject to assessment by the City Assessor under *The Municipal Assessment Act*

Retention & Disposition: Archival

94.00 ASSESSMENT RESEARCH**94.01 Assessment Research Files**

Function: To maintain a record of research findings related to property valuation and tax liability issues

Description: Correspondence, studies and reports, legislation, policies and procedures and other documents related to tax liability, realty valuation, assessment practices, classification of properties, allocation of assessed values, revision and appeal processes and other issues related to the assessment of real property and related tax liability issues

Retention & Disposition: Archival

95.00 ASSESSMENT REVIEW & APPEALS**95.01 Assessment Appeal Files**

Function: To maintain a record of Board of Revision and Municipal Board appeals

Description: Appeal briefs, correspondence, appraisal reports, maps, memos, photographs, board orders, notices of appeal, notices of hearings and hearing transcripts

Retention & Disposition: Destroy 2 years after obsolete or superseded

96.00 ASSESSMENT PREPARATION ROLL

96.01 Building Permit Records

Function: To maintain reference copies of building permits for property assessment purposes

Description: Copies of building permits and related assessment notes

Retention & Disposition: Destroy 2 years after obsolete or superseded

96.02 Field Forms

Function: To provide a record of residential, commercial and business assessment values and descriptive property information based on assessors' field inspections and notes. Includes residential and commercial property assessment forms and business assessment field forms

Description: Field forms include assessors' entries for property parcels (identified by a Property Identification Number) or a business (Business Identification Number). Entries provide detailed information about properties, business owners and premises, including registered owners, street address, legal description, information about land and improvements (buildings, fixtures and structures), sales information and calculations. Includes sketches, assessment information, assessor's remarks, inspection data and notes, sales data and permit information related to properties, business operations and premises. New entries are made as required to record changes that affect assessed property value, rental value or tax liability

Retention & Disposition: Archival

96.03 Legal Description Records

Function: To provide a record of legal descriptions for the purpose of identifying assessable properties

Description: Includes correspondence, reports and other documents related to business tax assessment

Retention & Disposition: Destroy 2 years after obsolete or superseded

96.04 Property Records Information System

Function: To maintain a record of current assessment information for individual property parcels for inspection purposes

Description: Includes source documents (property record cards), reports and other records related to individual property parcels and current assessment information

Retention & Disposition: Destroy 2 years after obsolete or superseded

96.05 Plans of Subdivisions & Maps

Function: To maintain a record of registered plans of subdivisions and reference maps that pertain to the City of Winnipeg for purposes of property valuation and tax assessment

Description: Registered plans for all subdivisions, parcel plans, road plans, drain plans, special plot plans, township survey plots, atlases and assessment maps

Retention & Disposition: Destroy 2 years after obsolete or superseded

96.06 Property Improvement Image Files

Function: To provide a visual record of property improvements

Description: Photographic and digital images of property improvements

Retention & Disposition: Destroy 2 years after obsolete or superseded

96.07 Real Estate Sales Records

Function: To maintain a record of real property sales information for the purpose of determining assessment values

Description: Reports, correspondence and other records related to the tracking of real estate sales in the City of Winnipeg and assessing the market value of assessable property

Retention & Disposition: Destroy 2 years after obsolete or superseded

97.00 BUSINESS ASSESSMENT**97.01 Business Assessment Files**

Function: To provide a record of businesses that have been assessed for the purpose of business taxation under *The City of Winnipeg Charter*

Description: Correspondence, notices of assessment and other documents related to the assessment of the rental value of a business premises including address, business name and taxation information and assessment services

provided to a business owner. May include copies of permits, by-laws, licenses, photographs and other documents relating to legal and physical changes to the business. May also include documents pertaining to errors and omissions to the assessment roll including correspondence, tax certificates and other documents related to assessment roll or tax roll adjustments. Where an application has been made to the Board of Revision for revision of the assessment roll, files include copies of applications for revision, Board notices, Board orders and other documents related to Board hearings, decisions and changes made to an assessment and a revision made to the assessment roll. Description: Correspondence, reports, service agreements and other records related to the day-to-day administration of parks operations. Includes contracted and in-house works and projects

Retention & Disposition: Destroy 6 years after file closure or after operational requirements have ceased

107.00 PUBLIC EVENTS SUPPORT

107.01 Special Event Files

Function: To provide a record of Public Works projects and activities related to city-sponsored special events

Description: Correspondence, plans and specifications, contracts and agreements, reports and other records related to project management, planning and other activities related to the delivery and storage of materials and provision of Public Works services for City-sponsored special events

Retention & Disposition: Destroy 6 years after file closure

108.00 PHYSICAL ASSET MANAGEMENT

108.01 Asset Management Records

Function: To maintain a record of roads, sidewalks, lanes, buildings and pools within the City of Winnipeg for purposes of infrastructure planning, maintenance, rehabilitation and reconstruction

Description: Correspondence, plans and specifications, drawings, reports and other records related to the current status, condition and performance of roads, sidewalks, lanes, buildings and pools

Retention & Disposition: Destroy 2 years after obsolete or superseded

109.00 LOCATING UNDERGROUND INFRASTRUCTURE

109.01 Underground Infrastructure Records

Function: To provide a record of the placement of utilities within public rights of way within the City of Winnipeg

Description: Correspondence, reports, plans and specifications and other records related to the City's underground infrastructure. Includes Underground Structures Committee meeting minutes

Retention & Disposition: Archival

TRANSIT DEPARTMENT

Records related to the Transit Department and its respective service responsibilities.

Includes records related to the provision of public transportation for the citizens of Winnipeg

through regular transit, handi-transit and special transit services

110.00 WINNIPEG TRANSIT

110.01 Transit Director's Files

Function: To provide a record of the general administration of the Transit Department as carried out by the Director

Description: Correspondence, reports, agreements, directives, minutes and other documents related to the management, direction and control of the Transit Department

Retention & Disposition: Archival

111.00 PUBLIC TRANSIT

111.01 Bus Stop Platform Records

Function: To maintain a current record of Transit bus shelters and bus stop platforms

Description: Correspondence, drawings, change forms, reports and other records related to construction, maintenance and/or repair or alteration of Transit bus stop platforms

Retention & Disposition: Destroy 2 years after obsolete or superseded

111.02 Lost Property Records

Function: To maintain a record of items received by the Transit department as lost property

Description: Correspondence and reports related to reporting, receipt and handling of lost property

Retention & Disposition: Destroy after 1 year

111.03 Transit Bus Fleet Records

Function: To maintain a current record of the transit bus fleet inventory

Description: Correspondence, reports and other records related to the acquisition, maintenance, repair and disposition of Transit buses

Retention & Disposition: Destroy 2 years after obsolete or superseded

111.04 Transit Bus Operator Training Records

Function: To maintain a record of bus operator training and instruction

Description: Correspondence, reports and other documents related the administration of training for Transit bus operators

Retention & Disposition: Destroy after 10 years

111.05 Transit Inspection Records

Function: To maintain a record of inspections as carried out by Transit inspectors

Description: Correspondence, reports and other documents related to the inspection of Transit operations by Transit inspectors

Retention & Disposition: Destroy 2 years after obsolete or superseded

111.06 Transit Operations Planning Records

Function: To maintain a record of Transit service operations for planning purposes

Description: Correspondence, reports, statistical data and other records related to the development and planning of Transit service, including service routes, timetables and fare schedules for regular mass transit as well as chartered and special events transit operations

Retention & Disposition: Destroy after 10 years

111.07 Transit Service Route Records

Function: To maintain a record of current Transit bus service routes, fare schedules and timetables

Description: Correspondence and reports related to current Transit bus routes, arrival and departure times, fares and transfer locations and other records related to bus route and schedule information. Includes regular mass transit as well as chartered and special events transit service routes

Retention & Disposition: Destroy 2 years after obsolete or superseded

112.00 HANDI-TRANSIT

112.01 Handi-Transit Customer Files

Function: To maintain a record of current Handi-Transit customers

Description: Customer applications, supporting documentation, correspondence,

reports and other records related to registration of Handi-Transit customers

Retention & Disposition: Destroy 1 year after file closure

112.02 Handi-Transit Records

Function: To maintain a record of the delivery of public transportation to persons who are physically unable to access the conventional transit system

Description: Correspondence, reports, service agreements and other records relating the delivery of Handi-Transit service to citizens

Retention & Disposition: Destroy 6 years after file closure
