Report – Standing Policy Committee on Property and Development – September 16, 2014

**Item No. 2 Closing - Part of the Public Lane North of Notre Dame Avenue, East
 of Lydia Street
 (Point Douglas Ward)
 File DAC 15/2013**

On January 13, 2015, Dieter Scheffer, Frank Motors, withdrew the application.

Minutes – Executive Policy Committee – January 21, 2015

Report – Standing Policy Committee on Property and Development – September 16, 2014

DECISION MAKING HISTORY:

COMMUNITY COMMITTEE RECOMMENDATION:

On November 18, 2014, the Lord Selkirk-West Kildonan Community Committee did not hear any representation on the application and adjourned the matter to its meeting on January 13, 2015 at 5:00 p.m. in the Council Building, 510 Main Street.

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On September 17, 2014, the Executive Policy Committee referred the item back to the Lord Selkirk-West Kildonan Community Committee for consideration of further information, including the impacts of any injurious affect.

EXECUTIVE POLICY COMMITTEE DECISION:

On September 17, 2014, the Executive Policy Committee directed the Public Works and Planning, Property and Development Departments, and the Winnipeg Police Service, to mitigate any traffic and safety issues in the area.

Further on September 17, 2014, John Stefaniuk, Thompson Dorfman Sweatman LLP, together with Dieter Scheffer, Frank Motors, submitted a presentation titled “Summary Submission of Frank Motors” in support of the Closing of Part of the Public Lane North of Notre Dame Avenue, East of Lydia Street.

Further on September 17, 2014, Mark Newman, Fillmore Riley LLP, together with Michael Filz, submitted a presentation titled “Submission of Kelsey Trail Holdings Ltd. and Keltek Safety Apparel” in opposition to the Closing of Part of the Public Lane North of Notre Dame Avenue, East of Lydia Street.

STANDING COMMITTEE RECOMMENDATION:

On September 16, 2014, due to a tie vote, the Standing Policy Committee on Property and Development submits the matter to Executive Policy Committee and Council without recommendation.

Minutes – Executive Policy Committee – January 21, 2015

Report – Standing Policy Committee on Property and Development – September 16, 2014

DECISION MAKING HISTORY (continued):

STANDING COMMITTEE RECOMMENDATION (continued):

Further on September 16, 2014, Mark Newman, Fillmore Riley LLP, submitted a communication dated September 16, 2014 with respect to Closing – Part of the Public Lane North of Notre Dame Avenue, East of Lydia Street, which is on file in the City Clerk's Office.

Further on September 16, 2014, John Stefaniuk, submitted a communication with respect to Closing – Part of the Public Lane North of Notre Dame Avenue, East of Lydia Street.

On June 10, 2014, the Standing Policy Committee on Property and Development laid over the matter to its meeting on September 16, 2014.

Further on June 10, 2014, Mark Newman, Fillmore Riley LLP, submitted a communication dated June 10, 2014 with respect to Closing – Part of the Public Lane North of Notre Dame Avenue, East of Lydia Street, which is on file in the City Clerk's Office.

On May 13, 2014, the Standing Policy Committee on Property and Development laid over the matter to the June 10, 2014 meeting of the Standing Policy Committee on Property and Development.

COMMUNITY COMMITTEE RECOMMENDATION:

On April 22, 2014, the Lord Selkirk-West Kildonan Community Committee concurred in the recommendation of the Winnipeg Public Service and forwarded to the Standing Policy Committee on Property and Development.

On February 18, 2014, the Lord Selkirk-West Kildonan Community Committee did not hear any representation on the application and adjourned the public hearing to its meeting on April 22, 2014 at 5:00 p.m. in the Council Building, 510 Main Street.

On January 21, 2014, the Lord Selkirk-West Kildonan Community Committee did not hear any representation on the application and adjourned the public hearing to its meeting on February 18, 2014 at 5:00 p.m. in the Council Building, 510 Main Street.

ADMINISTRATIVE REPORT

Title: REVISED REPORT FOR DAC 15/2013: TO SEEK COUNCIL APPROVAL FOR THE PROPOSED CLOSING OF PART OF THE PUBLIC LANE NORTH OF NOTRE DAME AVENUE, EAST OF LYDIA STREET

Critical Path: LORD SELKIRK – WEST KILDONAN COMMUNITY COMMITTEE – STANDING POLICY COMMITTEE ON PROPERTY AND DEVELOPMENT - EXECUTIVE POLICY COMMITTEE – COUNCIL

AUTHORIZATION

Author	Department Head	CFO	CAO
M. Pittet	B. Thorgrimson	N/A	N/A

RECOMMENDATIONS

That the proposed lane closing as shown on Misc. Plan No. 14583 not be proceeded with.

REASON FOR THE REPORT

On September 17, 2014, the Executive Policy Committee referred the subject lane closing back to the Lord Selkirk – West Kildonan Community Committee for consideration of further information, including the impact of any injurious affect.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

The report recommendation is that the proposed closing not be proceeded with. There are no financial implications for the City of Winnipeg.

HISTORY

On October 18, 2013, the Planning, Property and Development Department received a request from D'Arcy & Deacon LLP, representing Frank Scheffer Enterprises Ltd. (Frank Motors), to close and purchase the portion of the public lane so identified on the attached copy of Misc. Plan No. 14583. The

applicant indicated that it was his intention to eventually consolidate his existing holdings at No. 575 Notre Dame Avenue and No. 47 Lydia Street with the subject closing for a future development comprising the construction of a double-ended garage with drive through capabilities.

Notwithstanding the future development, the applicant further advised that the main reason for the closing application was to address existing community issues that have persisted within the open laneway including graffiti, vandalism, criminal activity of drug use and sales as well as soliciting and prostitution.

By copy of a letter dated January 14, 2014 to the City Clerk's Department, Mr. Dave Thomas of Keltek Safety Apparel/Kelsey Sportswear Ltd. (No. 567 Notre Dame Avenue) objected to the lane closing, citing adverse and negative effects to the operation of his business at this location, including the loss of shipment and delivery capabilities which take place through loading doors adjoining the proposed lane closing area. Mr. Thomas further indicated that he would start legal proceedings against the City of Winnipeg should the proposed closing proceed.

On January 21, 2014, the Lord Selkirk – West Kildonan Community Committee did not hear any representation on the application and adjourned the public hearing to its meeting on February 18, 2014.

On February 18, 2014, the Lord Selkirk – West Kildonan Community Committee did not hear any representation on the application and adjourned the public hearing to its meeting on April 22, 2014.

On April 22, 2014, the Lord Selkirk – West Kildonan Community Committee concurred in the recommendation of the Winnipeg Public Service and forwarded the report to the Standing Policy Committee on Property and Development.

By copy of a letter dated April 22, 2014 to the CAO's Office, Mr. Mark Newman, solicitor for Mr. Thomas, formally placed the City of Winnipeg on notice that his client would be asserting a claim for all damages suffered as a result of the proposed lane closing.

On May 13, 2014, the Standing Policy Committee on Property and Development laid the matter over to its June 10, 2014 meeting.

On June 10, 2014, the Standing Policy Committee on Property and Development laid the matter over to its September 16, 2014 meeting.

On September 16, 2014, due to a tie vote, the Standing Policy Committee on Property and Development submitted the matter to the Executive Policy Committee and Council without recommendation.

On September 17, 2014, the Executive Policy Committee referred the subject lane closing back to the Lord Selkirk – West Kildonan Community Committee for consideration of further information, including the impact of any injurious affect.

The original recommendation of the administrative report for the subject application dated January 3, 2014 was for approval of the lane closing as shown on the attached copy of Misc. Plan No. 14583. The recommendation was based on no objections having been received from affected City of Winnipeg Departments and Public Utilities. Subsequent to correspondence received from Keltek Safety Apparel and their solicitor as noted above, the Planning, Property and Development Department has now rescinded its original recommendation.

ADMINISTRATIVE REPORT

Title: DAC 15/2013: TO SEEK COUNCIL APPROVAL FOR THE PROPOSED CLOSING OF PART OF THE PUBLIC LANE NORTH OF NOTRE DAME AVENUE, EAST OF LYDIA STREET

Critical Path: LORD SELKIRK – WEST KILDONAN COMMUNITY COMMITTEE – STANDING POLICY COMMITTEE ON PROPERTY AND DEVELOPMENT - EXECUTIVE POLICY COMMITTEE – COUNCIL

AUTHORIZATION

Author	Department Head	CFO	CAO
M. Pittet	B. Thorgrimson	N/A	N/A

RECOMMENDATIONS

1. That the proposed lane closing as shown on Misc. Plan No. 14583 be approved and that the land be declared surplus to the City’s needs.
2. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the lane closing in accordance with Misc. Plan No. 14583, subject to the approval of the terms and conditions of the conveyance of the land by the Director of the Planning, Property and Development Department.
3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

REASON FOR THE REPORT

All street and lane closings require the consideration of the Community Committee.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the lane closing are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from D'Arcy & Deacon LLP, representing Frank Scheffer Enterprises Ltd. (Frank Motors), to close and purchase the portion of the public lane so identified on the attached copy of Misc. Plan No. 14583. It is the intention of the applicant to eventually consolidate his existing holdings at No. 575 Notre Dame Avenue and No. 47 Lydia Street with the subject closing for a future development comprising the construction of a double-ended garage with drive through capabilities.

Notwithstanding the future development, the applicant has further advised that the main reason for the closing application is to address existing community issues that have persisted within the open laneway. The applicant has been working with the West End Biz and the West Alexander Residents Associations over the years to deal with graffiti, vandalism, criminal activity including drug use and sales as well as soliciting and prostitution. Furthermore, vehicles presently use the lane as a high speed short cut to avoid congestion and traffic signals on Notre Dame Avenue, posing significant safety concerns for pedestrians and area residents. Comments from the West End Biz Association confirming existing community issues appear in Appendix "B" of this report. A petition from area residents in support of the lane closing appears in Appendix "C" of this report.

The applicant has advised that he has been in discussion with his neighbour at 567 Notre Dame Avenue, Kelsey Trail Holdings Ltd., and has indicated that he is prepared to enter into cross access easement agreements with them to ensure continual, unimpeded ingress/egress to their property affected by the lane closing.

The subject lane was opened by Plan No. 130 and registered in the Winnipeg Land Titles Office in July of 1881. It forms part of a "T" intersection currently providing access between Kate and Lydia Streets and McDermot Avenue.

CONSULTATION

In preparing this Report there was consultation with:

Internal Consultation:

There was consultation with the affected Civic departments.

External Consultation:

Manitoba Hydro, Centra Gas, MTS Inc., Shaw Cablesystems, Bell Canada, TeraSpan and Telus.

Imperial Oil, Norscan, Rogers Communications and Fibre did not respond to the request for comments on this proposal.

APPENDIX “A”

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the lane closing.

Administrative Comments

Administrative approval of this application is subject to the following conditions:

The Zoning and Permits Branch:

The applicant's property that fronts Notre Dame Avenue is zoned CMU (Commercial: Mixed-Use). The property that fronts Lydia Street is C1 (Commercial: Neighbourhood). The lane, once closed, will take on both zoning designations. 47 Lydia has a non-conforming right which allows the sale of auto parts in a C1 zoning district. This use would not be able to expand further onto the section of the closed lane to be zoned C1. Consequently, the lane would only be allowed for access purposes.

The owner of 567 Notre Dame Avenue has a loading door at the back of the building which fronts onto the lane closing area. The applicant will be required to enter into a cross access easement agreement with the owner of No. 567 Notre Dame Avenue for the provision of unimpeded ingress/egress to this property.

The Public Works Department:

The applicant will be required to remove the existing lane turn-out on Lydia Street and restore the curb, boulevard and sidewalk at that location, all as determined by and to the satisfaction of the Director of Public Works. Should the applicant wish to retain the existing lane turn-out as a private approach, they must make application to the Public Works Department for private approach approval.

The Plan Examination Branch:

The formation of new property lines indicated on Misc. Plan No. 14583 will require confirmation that the maximum aggregate area of unprotected openings (ie. construction, cladding and fire resistance rating) on the exposing building faces of buildings adjacent to the new property lines complies with the Manitoba Building Code. Additionally, confirmation will be required to ensure that any required rear exits from buildings at 575 and 567 Notre Dame are not compromised by the introduction of the new property lines.

The spatial separation calculations and construction details shall be submitted under the seal of an architect or professional engineer entitled to practice in the Province of Manitoba, skilled in the appropriate section of work concerned.

In the event that the spatial separation calculations determine the exposing building face(s) or exiting requires upgrading, a building permit complete with upgrading construction details will be necessary prior to the release of the closing mylars.

Easements

Manitoba Hydro has identified services within the closing area and will require easements for their existing facilities.

No permanent structures will be allowed within the easement areas.

Any removal or relocation of existing facilities as a result of the proposed lane closing will be at the expense of the applicant.

Transfer of Jurisdiction Over Public Rights-of-Way

The lane must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.

APPENDIX “B”

D’Arcy & Deacon have provided the following excerpt from the Biz Patrol Report with respect to the subject lane:

“The Biz Patrol staff has confirmed many of the concerns raised by Mr. Scheffer. For example, the patrol staff regularly notices a large amount of condoms in the back lane and surrounding vicinity indicating the presence of a sex trade in the area. Additionally, graffiti is often found in the backside of commercial and residential properties as Mr. Scheffer has indicated. The patrol has also observed that drivers use the back lane as a shortcut to avoid congestion and traffic signals on Notre Dame. The drivers cutting through the back lane commonly fail to follow speed limits, endangering the safety of the neighbourhood residents and students of the nearby schools, École Sacré Coeur and Hugh John McDonald. In the opinion of the Biz Patrol, the students walking to and from their schools are in danger of being hit by reckless drivers. At neighbourhood safety meetings attended by the Biz Patrol, the usage of back lanes to avoid congestion and traffic signals is often discussed as a large safety concern for the community residents and other stakeholders. The West End Biz Patrol noticed that if a portion of the back lane is blocked off, there would still be two other alternative access points available for waste disposal, Winnipeg Police and Emergency Medical Services and the Winnipeg Fire Department.”

APPENDIX "C"

The following is a petition from area residents in support of the lane closing:

PETITION

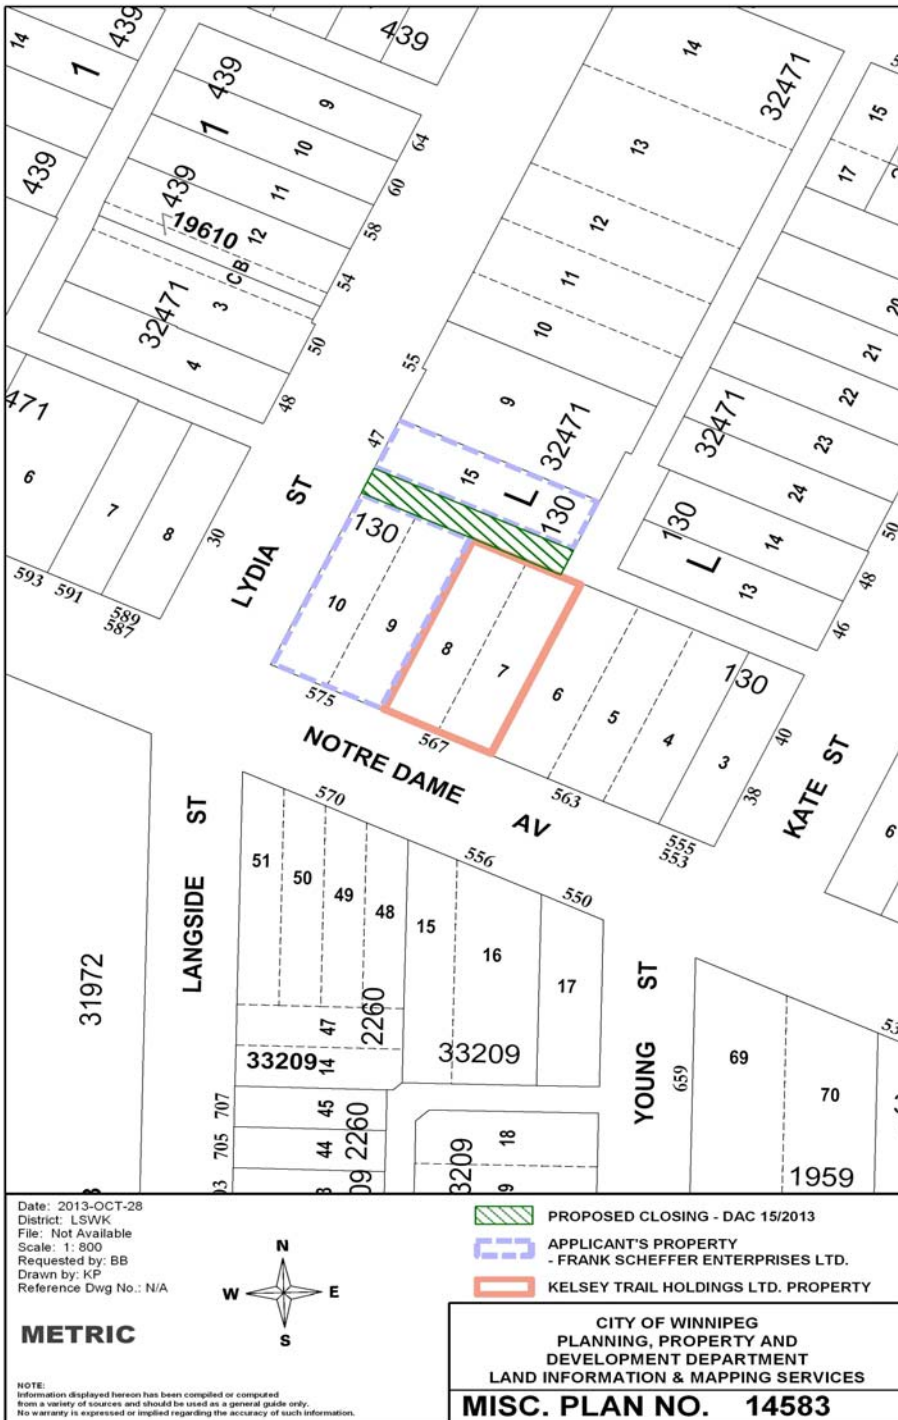

FOR CLOSING A PUBLIC LANE NORTH OF NOTRE DAME AVENUE BETWEEN LYDIA STREET AND KATE STREET AS PER THE ATTACHED DIAGRAM.

We, the following owners and residents of homes and businesses abutting the public lane north of Notre Dame Avenue between Lydia Street and Kate Street, consent to the closing of this lane at Lydia Street.
