The Agency works in partnership with the veterinarian community, the Winnipeg Humane Society (WHS), and other stakeholders to ensure the human and animal populations of the City of Winnipeg can co-exist in harmony.

**Strategic Direction:**

Animal Services remains committed to its goals and strategies, core business operation, and financial stability. These strategies relate to:

- A strengthened commitment to public and animal health and safety through increased public awareness and increased pet ownership education and outreach;
- An enhanced public image.
- Agency sustainability through adequate funding via pet licensing revenues and mill rate support.

**Goals and Strategies:**

**Maintain the enforcement of the Responsible Pet Ownership Bylaw and continue to educate pet owners regarding their responsibilities, including pet licensing.**

- Maintain “Zero Tolerance” pet licensing policy coupled with value added educational messaging.
  - o Zero tolerance means that if you are a pet owner and your pet is not currently licensed, you will be immediately subject to a \$250 fine.
  - o Over 46,000 dogs and 27,000 cats are now licensed in Winnipeg. Included in these totals are approximately 6,500 complimentary one year licenses, which were issued through adoptions and low-income spay/neuter programs.
  - o An educational newsletter is mailed out annually to licensed pet owners. The newsletter is designed as an educational tool to communicate the value of licensing along with the good things being accomplished with licensing dollars.

- Advertising and media collaboration will continue to be used to educate the public about the zero tolerance policy and the value and importance of pet licensing.
- License revenues help protect one's pet while supporting the essential service of animal control.
- Licensing enforcement will continue with the Agency's complement of Animal Services Officers.
- Continue e-commerce capabilities on Winnipeg.ca:
  - Online pet licensing.
  - Online donations to support animals in the Agency's adoption program.
- Provide ongoing opportunities for public education regarding the RPO.
- Target Parks and Off-Leash areas with both educational and pet license messaging.

**Increase customer service and satisfaction through improvement in front-line service delivery.**

- Actively engage the community through seven day a week facility business hours.
- Modernized website presence on Winnipeg.ca/animalservices including adoptable animals and educational messaging.
- Open engagement for feedback from the community through an annual newsletter.
- 24/7 reunification of licensed pets through the 311 Service Centre.
- Multiple volunteer run social media platforms including Facebook, Instagram, Twitter, and YouTube.
- Innovative two way communication with Winnipeg Lost Dog Alert to increase reunification of lost pets.
- Review the Agency's technological needs and upgrade as necessary.
- Next generation Toughbooks used for real-time incident management via 311.
- Support ongoing staff training and development.
- Innovate and green operations including the development of paperless license invoices.

**Improve health and safety of neighborhoods.**

- Provide active response to community incidents involving animals and people.
- Respond to dog attacks against people and animals.
- Respond to both Winnipeg Police Service and Winnipeg Fire Paramedic Service incidents to assist in the care of animals.
- Enhance prevention and education programs. The Agency attends more than 30 community events annually.
- Provide volunteer opportunities including programming that helps at risk youth.
- Provide presentations to newcomer groups regarding interacting with dogs and cats.
- Provide educational materials for both animals and people including social services messaging.
- Develop ongoing creative marketing promotions regarding responsible pet ownership and Animal Services.
- Encourage pet owners to spay/neuter their pets.
- Continue to make funding available for cat spay/neuter programming to community agencies through the FIXIT grant program. Funding is made possible through cat licensing.

- Develop “green” strategies to improve facility and fleet operations to reduce environmental impact and save taxpayers money.

**Financial Information:**

Pro forma financial statements with 2020 to 2023 Projections are attached. These include a Projected Statement of Financial Position, Projected Statement of Operations and Accumulated Deficit, Projected Statement of Cash Flows and a Projected Statement of Net Financial Liabilities.

2018 Audited Financial Statements are attached for reference (Appendix B).

Tax-supported funding for the Agency is reflected as a Mill Rate Support Transfer to Animal Services in the Community Services Department budget.

Table 1 outlines the Agency’s growing reliance on license and other service revenues. Operational expenditures (\$3,750,303), excluding the grant to the WHS (\$652,273), are projected to be \$3,098,030 in 2020. The Agency is currently provided less operational mill rate support than funding to the WHS. Operational mill rate support for 2020 is projected to be \$118,946 (gross mill rate support \$771,219 less WHS grant \$652,273). The proposed funding for 2020 will only cover 3.8% of the Agencies costs leaving \$2,979,084 to be covered by license and other service revenues. As a result, the Agency has to place significant reliance on license revenues and donations in order for the Animal Services agency to successfully operate.

**REVENUE:**

**Mill Rate Support**

- The direct mill rate support to Animal Services operational expenses in 2020 is projected to be \$118,946 after \$652,273 of the gross mill rate support (\$771,219) is transferred to the Winnipeg Humane Society.
- Animal Services receives the lowest amount of mill rate support when compared to major governmental animal agencies in other Canadian jurisdictions (see Appendix “D”).
- In 2019, the City entered into a three year service agreement with the Winnipeg Humane Society primarily for the care and kennelling of stray cats. The Winnipeg Humane Society receives \$652,273 in funding paid through Animal Services.

**Revenue (Non-Mill Rate Sources)**

The Agency receives revenue from a number of sources including, pet licenses, adoption/kennel fees, and donations.

**Dog Licensing**

Annual inflationary increase for dog license fees are projected to be 2.6% in 2020 and 0.6% for 2021 – 2023 (sterilized).

Table 2 outlines dog license revenues, recognized and recorded on an accrual basis for 2013 – 2019 with projected revenues for 2020 through 2023. Future year’s revenues are based on 47,000 licenses being sold of which 92% are expected to be for sterilized dogs.

**TABLE 2: Dog License Projected Revenue (\$000)**

Since license purchases and renewals occur throughout the year, there is unearned revenue on hand at year-end that is deferred to future years. Deferred revenue from previous years is recognized in income at the end of the year.

## Cat Licensing

Council approved the implementation of cat licensing effective January 1, 2015. The annual cat license fees are \$15.00 for sterilized cats and \$50.00 for intact cats. License Fees are proposed to remain at these levels for 2020. Half of cat licenses fees are set aside for low cost cat spay/neuter programming for low income residents.

Table 3 outlines projected revenues for 2020 through 2023. Future year's revenues are based on 21,000 licenses being sold of which 99% are expected to be for sterilized cats.

**TABLE 3: Cat License Projected Revenue  
(\$000)**

## Other Regulation Fees

- Other regulation fees are proposed to increase by the rate of inflation in all budget years, as provided by the City's Fees and Charges Policy.

Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the creation of a legal obligation to pay.

**Non-financial assets**

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the changes in net financial liabilities for the year.

### **(a) Tangible capital assets**

Tangible capital assets are recorded at cost and are amortized on a straight-line basis over their estimated useful lives using the following annual rates:

Computer equipment	25%
Furniture and other equipment	20%
Communication radios	20%
Computer Software	20%

### **Employee benefit plan**

The Winnipeg Civic Employees' Benefits Program is a multi-employer contributory defined benefit program and accordingly contributions are expenses as incurred. The costs of other retirement benefits have been accounted for based on actuarially determined amounts using the projected benefits method prorated on services and management's best estimate of retirement ages of employees, salary escalation and plan investment performance. Actuarial gains and losses are amortized on a straight-line basis over the average remaining service period. The liabilities are discounted using current interest rates on long-term bonds.

### **Estimates**

The preparation of projected financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions are based on the Agency's best information and judgment and may differ from actual results.

## **3. FINANCIAL PROJECTION**

This financial projection is an estimate of the financial position, results of operations and change in cash flow, for the operations of Animal Services Special Operating Agency, using management's assumptions which reflect the Agency's planned course of action for the four years ending December 31, 2023. Management's judgment has been used in the assumptions and the most probable set of economic conditions, together with the hypotheses stated in Note 4. The hypotheses are consistent with the purpose of the information. Some assumptions inevitably will not materialize and unanticipated events and circumstances may occur subsequent to the date of this projection. Therefore, the actual results achieved during the projected period will vary from the projections.

#### 4. HYPOTHESES

The financial projection has been prepared based on the following hypotheses:
