EXECUTIVE SUMMARY

Project On Schedule: Yes □ No ☑ Project On Adopted Budget: Yes ☑ No □

Percent of Schedule Complete: 8% Percent of Adopted Budget Spent: 1%

The North District Police Station project budget, financial status and procurement schedule remain unchanged from the previous quarterly reporting period. The Public Service has awarded a contract to Number Ten Architectural Group for the provision of detailed design and construction services in the project. A public Tender for the associated construction contract is expected in Summer/Fall 2021.

The Advisory Committee has reviewed this report and recommends that the report be sent to the Standing Policy Committee on Finance.

RECOMMENDATIONS

That the financial status of the North District Police Station (NDPS), as contained in this report, be received as information.

REASON FOR THE REPORT

The Asset Management Administrative Standard FM-004 requires all projects with a total estimated cost of \$24 million (2021) or more report quarterly to the Standing Policy Committee on Finance. This threshold is adjusted annually for construction inflation as part of the annual Capital Budget approval. The Standing Policy Committee on Finance may also request reporting on any capital project.

IMPLICATIONS OF THE RECOMMENDATIONS

No implications.

Appendix C – Key Project Events (History)

On July 23, 2003, Council approved implementation of the WPS Four District Model. The current WPS six district service delivery model is based on a municipal structure which existed prior to 1971. Contemporary policing issues led the WPS to review this service delivery structure and recommend realignment from six to four districts. The Four District Model encompasses replacement of five existing police stations with three newly constructed police stations within realigned service districts.

On February 21, 2006, Council approved the 2006 Capital Budget and the 2007 to 2011 Five-Year Forecast and recommended, along with the budget, that the Administration identify, investigate, and recommend Private - Public Partnerships (P3's) for the Four District Model project.

East District Police Station (EDPS) located at 1750 Dugald Road was substantially completed in September 2007.

West District Police Station (WDPS) located at 2321 Grant Avenue followed with substantial completion occurring in November 2013.

The Downtown District Station opened as part of the new Police Headquarters facility, 245 Smith Street, in October 2016.

Upon adoption of the 2017 Capital Budget on December 13, 2016, Council approved funding for the North District Police Station (NDPS) in the amount of \$20M for the facility build plus \$3.13M for land assembly, thereby enabling the NDPS project to proceed.

On June 21, 2017, Council ruled automatic referral of the following motion to the Standing Policy Committee on Property and Development, Heritage and Downtown Development:

WHEREAS the city's Old Exhibition Grounds has been used for recreation and leisure purposes for over one hundred years;

AND WHEREAS there is a shortage of sport fields in the Lord Selkirk West Kildonan Community Committee area:

AND WHEREAS whether crime prevention is achieved through sport or other measures, prevention needs to be facilitated to reduce the load on the Winnipeg Police Service:

AND WHEREAS the City of Winnipeg needs to play a role in crime prevention;

AND WHEREAS the North District police station needs to provide the same functionality as the other district stations to the public; 3

AND WHEREAS Winnipeg's perception of what area makes up the North End has grown to encompass West and old Kildonan;

AND WHEREAS Winnipeg Transit's north garage has come to its end of life, and the east rapid transit BRT corridor has a new bus garage in its plans on city owned property;

AND WHEREAS unlike the other district stations, there was no RFP put out to the private sector to identify privately owned property and to build the stations;

AND WHEREAS Property, Planning and Development leases buildings to the Winnipeg Police Service as Municipal Accommodations basically owns the assets under their portfolio of city assets;

THEREFORE BE IT RESOLVED that the Winnipeg Public Service undertake the needed activities to find a different property than the Old Exhibition Grounds for the North district police station.

On July 4, 2017, the Standing Policy Committee on Property and Development, Heritage and Downtown Development recommended to Council that the Council Motion of June 21, 2017 be referred to the Winnipeg Public Service for report back to the Standing Committee within 180 days, and be forwarded to the Executive Policy Committee and Council.

On July 19, 2017, Council concurred in the recommendation of the Standing Policy Committee on Property and Development, Heritage and Downtown Development Committee and directed the Winnipeg Public Service to undertake the needed activities to find a different property than the Old Exhibition Grounds for the North District police station and report back to Standing Committee in 180 days.

Stakeholder assessment and public engagement activities were undertaken by the Public Service during the summer and fall months of 2017. Results were compiled and received as information by SPC on Property and Development, Heritage and Downtown Development on June 8, 2018.

As part of the 2018 Capital Budget planning/development process, the 'Archival and Exhibit Building' project was consolidated with the pre-existing 'North District Police Station' project.

At its February 2, 2018 meeting, the Standing Policy Committee on Property and Development, Heritage and Downtown Development granted an extension of time to its meeting on June 8, 2018, for the Winnipeg Public Service to report back on the June 21, 2017 Council Motion.

At its June 8, 2018 meeting, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred with the recommendations of the Public Service:

- That the Real Estate Branch of Planning, Property and Development Department undertake
 to issue a Request for Proposal (RFP) to solicit private land sale opportunities as a means
 of identifying a preferred development site for the North District Police Station project.
- That the Public Service perform an evaluation of proposals received to validate the project program of requirements at alternate site(s), prepare associated development cost estimate(s) and assess capital funding requirements, and report back to convey results and provide recommendation as to a preferred project development site.

Per direction received from the Standing Policy Committee on Property and Development, Heritage and Downtown Development on June 8, 2018 a public Request for Proposal (RFP) was issued by the City to solicit private land sale opportunities as a means of identifying a development site for the project. The RFP was posted November 2, 2018 and closed January 31, 2019.

The City received RFP submissions and performed a score-based evaluation for the purpose of identifying shortlisted proponents; this phase is complete. A second phase of evaluation to verify program and technical development conformance at the prospective sites and prepare associated capital cost estimates, was completed in August 2020.

At its November 26, 2020 meeting, Council adopted the Public Service's recommendation (referred by the Executive Policy Committee on November 18, 2020) to construct North District Police Station at the Old Ex Grounds site using an optimized development plan, and to increase the project budget to \$25.675 million from the previously approved \$23.379 million. The Winnipeg Police Service Archival and Exhibit Building was also separated out from the North District Police Station project for standalone procurement.
