### **REPORTS**

#### **Item No. 1                      Financial Status Report and Forecast to October 31, 2017**

##### **WINNIPEG PUBLIC SERVICE RECOMMENDATION:**

- 1)        That the Financial Status Report and Forecast to October 31, 2017 be received as information.
- 2)        That in the event the General Revenue Fund reports a deficit at year-end, the Financial Stabilization Reserve Fund transfer to the General Revenue Fund, the amount required to avoid a deficit in the General Revenue Fund. If this is required, a replenishment plan starting no later than 2019, of up to 3 years, will be established to bring the Fund to the minimum 6% target of tax-supported expenditures threshold.

## ADMINISTRATIVE REPORT

### EXECUTIVE SUMMARY

The Financial Status Report and Forecast to October 31, 2017 currently anticipates a projected surplus of \$1.7 million. This has improved from the \$0.4 million surplus previously reported (as at September 30).

Based on experience of the past few years it is not unusual for the projected surplus to have slight improvements in the final months of the year. The average change over the last three of five reported years between October and year-end is \$0.6 million, ranging from a \$7.6 million decrease to a \$7.4 million increase. Having said that, some of the possible improvements to be realized may have already been recognized through the cost mitigation measures described in this report.

At the March 13, 2017 meeting of the Standing Policy Committee on Finance, the Public Service tabled a report that provided information on the 2017 cost mitigation measures for the City of Winnipeg. The report outlined targeted cost reductions for each tax-supported department, as well as for Transit and Water and Waste. This Financial Status Report includes \$9.5 million in tax-supported budget savings through these measures.

The 2017 tax-supported budget includes a transfer up to \$5 million from the Financial Stabilization Reserve Fund to the General Revenue Fund. As a result of the 2016 deficit elimination measures and a forecasted short fall of net taxes added for 2017, the Financial Stabilization Reserve is forecasted to afford only \$0.1 million at this time, which is included in this report.

Based on the surplus projected in this report, no additional transfer from the Financial Stabilization Reserve Fund is anticipated at this time. This report includes a recommendation in the event an additional transfer is necessary that causes the Financial Stabilization Reserve Fund to fall below the minimum 6% target of tax-supported expenditures. Council approval would be required to allow this reserve to fall below this level and a replenishment plan would be required.

## **RECOMMENDATIONS**

- 1) That the Financial Status Report and Forecast to October 31, 2017 be received as information.
- 2) That in the event the General Revenue Fund reports a deficit at year-end, the Financial Stabilization Reserve Fund transfer to the General Revenue Fund, the amount required to avoid a deficit in the General Revenue Fund. If this is required, a replenishment plan starting no later than 2019, of up to 3 years, will be established to bring the Fund to the minimum 6% target of tax-supported expenditures threshold.

## **REASON FOR THE REPORT**

On December 17, 1997, City Council approved clause 1 of the report of the Standing Committee on Fiscal Issues, which requires that a periodic report be approved on a quarterly basis by the Standing Committee on Fiscal Issues. Since that time, the Standing Committee on Fiscal Issues has been renamed Standing Policy Committee on Finance.

## **IMPLICATIONS OF THE RECOMMENDATIONS**

At this time, the Public Service anticipates a projected surplus of \$1.7 million. The Public Service anticipates that the projected surplus will increase over the remainder of the year based on financial improvements typically realized from that forecasted for October 31, as well as through continued efforts to control expenses without impacting the delivery of core services. The Public Service monitors the General Revenue Fund on a regular basis.

Recommendation 2 included in this report, concerning a transfer amongst City of Winnipeg funds fall under Section 288(1) of The City of Winnipeg Charter, which requires approval from City Council.

### Actual Year-end Scenario - General Revenue Fund Surplus

As approved by Council, annual operating General Revenue Fund surpluses automatically transfer to the Financial Stabilization Reserve Fund.

### Actual Year-end Scenario - General Revenue Fund Deficit

Should the General Revenue Fund report a 2017 deficit, the Public Service is recommending a transfer from the Financial Stabilization Reserve. This transfer will cause the Financial Stabilization Reserve Fund to fall below the minimum 6% target of tax-supported expenditures. Council approval would be required to allow this reserve to fall below this level and a replenishment plan would be required.

### **HISTORY/DISCUSSION**

The forecasted results at October and the year-end position before final transfers for the General Revenue Fund for the past five years were as follows:

| Year | Surplus (deficit) in millions at October 31 | Surplus (deficit) in millions at December 31 before Final Transfers |
|------|---|---|
| 2016 | \$ 2.5                                      | \$ (5.1)  |
| 2015 | N/A   | 16.3  |
| 2014 | N/A   | 0.7   |
| 2013 | (3.7)                                       | (1.8)   |
| 2012 | 8.5   | 15.9  |

### **2017 Cost Mitigation Measures – Update**

At the March 13, 2017 meeting of the Standing Policy Committee on Finance, the Public Service tabled a report that provided information on the 2017 cost mitigation measures for the City of Winnipeg. The report outlined targeted cost reductions for each tax-supported department, as well as for Transit and Water and Waste. Due largely to record snowfall in December, the 2016 fiscal year ended in a tax-supported deficit prior to Council approved deficit elimination measures. The Council adopted budget for 2017 had estimated a surplus in 2016 of \$9.5 million. The City must now manage this shortfall and find \$9.5 million in savings in addition to the efficiencies' savings included in the 2017 tax-supported budget. This Financial Status Report includes \$9.5 million in tax-supported budget savings through these measures.

In its 2016 year-end Financial Status Report for the General Revenue Fund, a \$5.1 million deficit was reported. As a result of previously Council approved deficit elimination measures, \$1.4 million was retained in the General Revenue Fund in respect of net supplementary taxes and tax roll adjustments, \$0.4 million was also retained in the General Revenue Fund in respect of interest net of investment management fees, and \$3.3 million was transferred from the Financial Stabilization Reserve in order to balance for 2016.

The 2017 tax-supported budget includes a transfer of up to \$5.0 million from the Financial Stabilization Reserve Fund to the General Revenue Fund. As a result of the deficit elimination measures employed in 2016 and a \$2.5 million shortfall in net taxes added forecasted for 2017, the Financial Stabilization Reserve is forecasted to afford only \$0.1 million at this time and is reflected, as such, in this report.

### **Provincial funding and other**

The Province has introduced a new envelope funding model for the City of Winnipeg. In discussions with Provincial representatives, the City was notified that Transit and Winnipeg Police Services grants would be consistent with 2016 actual funding without inflationary increases resulting in a forecasted budget shortfall in 2017.

#### **Transit**

Transit's financial status has been significantly impacted by changes to the Provincial funding model and less than expected passenger revenue.

The following table depicts summarized financial information for Transit (also see Schedule 4):

In May, the Province tabled Bill 36, *The Budget Implementation and Tax Statutes Amendment Act, 2017*. The Act repealed the 50/50 funding formula relating to Transit operating costs. The reduced level of provincial funding combined with the decreased transfer related to the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Payment Reserve has resulted in a shortfall in the Provincial transfer of \$8.2 million.

Transit is also experiencing a forecasted shortfall of \$5.6 million relating to declining passenger revenue (included in the \$6.0 million shortfall in passenger fares and other revenue disclosed in the table above). Lower ridership than planned is the primary reason for this. Compared to 2015, sample passenger counts indicate weekday ridership has declined by 9%. Ridership is influenced by many factors such as gasoline prices, demographics, weather, etc. Decrease in ridership is a national and North American trend and has been reported by many cities including Calgary, Ottawa, and Toronto.

The department is forecasting \$4.6 million in cost savings to help offset the impact of reduced ridership and Provincial funding. Included in this total is a reduced transfer of \$1.7 million to the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Payment Reserve. In 2015, the Province committed to funding \$1.7 million towards eligible bus purchases and has recently indicated they would not be providing this previously committed funding.

The department also is contributing \$1.8 million of \$9.5 million, to the City's cost mitigation measures, thereby reducing the transfer from the General Revenue Fund. It is accomplishing this through a combination of reducing the transfer to the Bus Replacement Reserve (\$0.4 million) and using a portion of retained earnings to partially fund 2017 operations (\$1.4 million, which was approved at the June 21, 2017 Council meeting).

In order to reduce the financial impact to the General Revenue Fund, the Transit department has also identified additional savings options to help balance its budget. A report with savings options tabled at the September 15, 2017 meeting of Standing Policy Committee on Finance was approved by Council on September 28, 2017. The additional savings options include a decrease in transfer to the Bus Replacement Reserve of \$3.3 million and a deferral of capital spending utilizing retained earnings of \$3.6 million. These options have been included in this report which results in a decrease, of the transfer to Transit from the General Revenue Fund to \$0.9 million, as noted in the table on the previous page, as well as schedules 2 and 3.

### **Police Services**

The Police Services has been notified that it will not receive \$0.6 million relating to 2016 programs. Further, as a result of the new funding model, an additional shortfall of \$0.6 million for 2017 programs exists. The total impact to the Police Department's net revenues is \$1.2 million related to 2016 and 2017 Provincial funding decisions for the cadet and helicopter maintenance programs.

### **Fire Paramedic Service**

The Fire Paramedic Service has been in discussions with the Winnipeg Regional Health Authority (WRHA) regarding funding for ambulance services for both 2017 and future years. These discussions are ongoing and no decisive funding agreement has been reached. This forecast has been prepared on that basis assuming the current funding model will continue. If this were to subsequently change, there will be a significant impact to the forecast presented.

### **Summary**

In addition to the operating budget implications noted above, capital budgets will be impacted. The City and the Province are continuing discussions regarding Provincial funding to the City for 2017 and 2018.

### **Assessment Appeals**

Consistent with past reports, included in the Assessment and Taxation Department's forecast is an additional provision of \$2.2 million concerning outstanding assessment appeals (for a total forecasted 2017 expense of \$6.3 million). For accounting purposes, the department estimates a value representing what outstanding assessment appeals may cost the City. The additional provision made in 2017 represents the estimated shortfall for this account as of December 31, 2016.

Under the previous four-year assessment cycle, the number of appeals outstanding decreased in the third and fourth year which allowed the department, tax agents and the Municipal Board to schedule and complete a larger number of appeals prior to the end of the assessment cycle. The City is currently in its fourth two-year assessment cycle and a trend is developing with respect to the pace Municipal Board Appeals are scheduled, heard and determined. At October 31, 2017, approximately 1,400 assessment appeals are outstanding.

The liability to the City is also impacted by interest applied to the outstanding appeals. Pursuant to *The Municipal Act (Interest on Excess Taxes Regulation 51/97)*, interest payable on tax refunds resulting from successful appeals is set at 4.75% per year.

A recent analysis of the assessment appeal liability indicates that another \$4.6 million is required to fully fund the estimated liability. This unfunded liability has been considered in the 2018 budget process.

## **Other**

Corporate Finance Department has prepared this report showing forecasted revenues and expenses to December 31, 2017, for the General Revenue Fund, Utility Funds and Municipal Accommodations Fund. This information was obtained from departments and was based on actual data as at October 31, 2017.

**Corporate Accounts:**

Unfavourable variance in Corporate Accounts is mostly related to the following:

|   |     |       |           |
|---|-----|-------|-----------|
| • a further transfer to Transit is forecasted due to:                                   |     |       |           |
| • lower provincial funding.   | \$  | (8.2) |           |
| • decrease in fare and other revenue.   |     | (6.0) |           |
| • reduction in transfer to the SWRT Payment Reserve.                                    |     | 1.7   |           |
| • other expenses.   |     | 2.9   |           |
| • approval of savings measures by Council:  |     |       |           |
| • reduced transfer to Bus Replacement Reserve.  | 3.3 |       |           |
| • utilization of retained earnings  | 3.6 | 6.9   | (2.7)     |

|   |     |       | \$ (13.0) |

The Street Lighting's favourable variance is mainly due to light and power cost savings.

**1.0**

**Planning, Property and Development:**

|   |  |     |     |
|---|--|-----|-----|
| • As part of the cost mitigation measures, Planning, Property and Development is reporting savings to expenses and additional revenues. |  | 0.7 |     |
| • The remaining favourable variance is mostly related to savings from position vacancies.   |  | 0.4 | 1.1 |

The Police Services department's favourable variance is mainly due to savings associated with the new collective agreement with the Winnipeg Police Association. These savings are offset by lower Provincial funding relating to the cadet program and police helicopter.
