4(2) The requirement set out in clause (1)(d) (*vaccination for rabies*) does not apply to the owner of a dog who can provide a written statement from a veterinarian declaring that vaccinating the dog for rabies is not advisable for medical reasons.

4(3) The requirements in clauses (1)(f) (*owner must remove excrement*) and (1)(j) (*dog not permitted on certain properties*) do not apply if the dog is a service animal accompanying the disabled individual the service animal dog is serving.

4(4) The requirement in clause (1)(j) (*dogs not permitted on certain properties*) does not apply to the grounds of a school if the appropriate school authorities authorize the dog to be on the school grounds.

Dog licence mandatory

5(1) Subject to this By-law, if a dog over the age of six months is in the City of Winnipeg, its owner must ensure that the dog has a valid dog licence issued under this section. This obligation does not apply to any dog owner who can provide proof that he or she owns the dog and is not a resident of the City of Winnipeg.

5(2) In order for the designated employee to issue a dog licence

- (a) the owner, who must be at least 18 years of age, must
 - (i) pay the licence fee and any other applicable fees;
 - (ii) provide, in a form acceptable to the Chief Operating Officer, any information reasonably required to administer and enforce this By-law; and
- (b) the dog must not be prohibited under section 7 (*Prohibited dog breeds*) or otherwise from being in the City.

5(3) If a cheque used to pay for a licence is returned for insufficient funds, the licence purchased by the cheque is void.

5(4) An applicant for a dog licence must provide accurate information when applying for a licence. In particular, an applicant for a dog licence must not provide incorrect information concerning whether a dog is sterilized.

5(5) A dog licence is not valid after its expiry date. In order to ensure that his or her dog has a valid dog licence, an owner must renew its dog licence before its expiration date.

5(6) A dog licence may not be transferred to another dog.

5(7) The licence fee set by Council or Council's delegate for a dog that is unsterilized must be higher than the licence fee for a dog that is sterilized.

6(2) Unless he or she is a designated employee, the dog's owner or has the consent of the dog's owner, no person may remove a valid licence tag worn by a dog.

Prohibited dog breeds

7(1) Subject to this section, no person may bring into the City of Winnipeg or, being its owner, allow to be in the City of Winnipeg, a dog which has the appearance and physical characteristics predominantly conforming to the standards of the Canadian Kennel Club for any of the following breeds:

- (a) Pit Bull Terrier;
- (b) American Pit Bull Terrier;
- (c) Staffordshire Bull Terrier;
- (d) American Staffordshire Terrier;

7(2) Upon payment of a fee established by Council, the owner of a dog is entitled to obtain a written opinion by a veterinarian retained by the Chief Operating Officer as to whether a dog meets the criteria established in subsection (1). Where the veterinarian concludes that a dog does not meet the criteria established in subsection (1), such a statement is conclusive proof that the dog is not prohibited under subsection (1) and no prosecution or enforcement action under subsection (1) may be undertaken with respect to the dog.

7(3) Notwithstanding subsection (1), the Chief Operating Officer is authorized to issue a special permit authorizing a dog prohibited by that subsection to be in the City of Winnipeg for a temporary period of time and may impose any conditions on the permit he or she considers sufficient to protect individuals and animals from any harm caused by the dog.

Care for dogs in need of protection

8(1) A designated employee is authorized to take into the custody of the Animal Services Agency a dog whose owner is unable to provide it with proper care due to the owner's mental or physical illness, incarceration, death or for any other reason.

8(2) A designated employee is authorized to release a dog referred to in subsection (1) into the care of the owner's family or friends or any other person he or she considers to be able and willing to care for the dog on condition that the person agrees to return the dog to the owner if and when the owner is able to care for the dog.

8(3) If a designated employee has not released the dog under subsection (2) within ten days after the dog was taken into custody, the Chief Operating Officer may dispose of the dog in any manner he or she considers appropriate.

Impoundment of dog running at large

9(1) An enforcement officer is authorized to capture and impound a dog that he or she finds running at large.

9(2) A designated employee is authorized to impound a dog that has been turned over to the Animal Services Agency as having been running at large if the designated employee has reasonable grounds to believe that the dog was in fact running at large. The designated employee is authorized to require the person turning over a dog to execute a statutory declaration concerning the circumstances in which he or she took possession of the dog.

9(3) Unless it is redeemed earlier under section 12 (*Redemption of impounded dogs*), a designated officer shall impound such a dog

- (a) for a minimum period of ten days in the case of a dog that is wearing a valid licence tag; or
- (b) for a minimum period of three days, in the case of any other dog.

9(4) If a dog being impounded under subsections (1) or (2) is wearing a valid licence tag, a designated employee must notify the owner of the dog's impoundment. The owner is entitled to redeem the dog under section 12 (*Redemption of impounded dogs*) at any time during its impoundment.

9(5) If a dog has been impounded for the period of time specified in subsection (3) without having been redeemed, the Chief Operating Officer is authorized to dispose of the dog in any manner he or she considers appropriate.

Impoundment and quarantine for rabies observation

10(1) Subject to this section, if

- (a) a designated employee suspects that a dog has been exposed to rabies; or
- (b) a dog bites or scratches an individual with its teeth so that the skin is broken, regardless of the circumstances of the bite or scratch,

the designated employee is authorized to capture, impound and quarantine the dog at the facilities of the Animal Services Agency for a period of no less than ten days from the day of the bite or scratch for observation.

10(2) If a designated employee gives notice to the owner of a dog that he or she is acting under the authority of subsection (1), the owner must surrender the dog to the designated employee for impoundment and quarantine immediately.

10(3) As an alternative to impounding and quarantining the dog under subsection (1), the designated employee is authorized to permit or require the owner of the dog, at the owner's expense, to

- (a) have the dog quarantined at a veterinary clinic within the City of Winnipeg; or
- (b) have the dog quarantined on the property of its owner.

The designated employee is authorized to act under this subsection if he or she determines that the dog will be securely held and will not leave the property. The designated employee may impose conditions on a quarantine permitted or required by this section that are reasonable to ensure that the dog is appropriately confined during the quarantine period. An owner who fails to ensure that the dog is securely held on the property or fails to ensure compliance with other conditions imposed by a designated employee commits an offence.

10(4) If a dog is quarantined at the Animal Services Agency or on the property of its owner, a designated employee must observe it for symptoms of rabies. If it is quarantined at a veterinary clinic, the veterinarian must observe it for symptoms of rabies. If, during the quarantine period, it is determined to have rabies, the dog must be euthanized, if it has not already died or been euthanized. The dog's body must then be examined for proof of rabies at the expense of the owner of the dog.

10(5) If a dog impounded and quarantined at the facilities of the Animal Services Agency is wearing a valid licence tag, a designated officer must notify the owner of the dog's impoundment and quarantine.

10(6) A dog quarantined at the Animal Services Agency, unless it is determined to have rabies, may be redeemed under section 12 (*Redemption of impounded dogs*) after its mandatory period of impoundment and quarantine has ended. If it has not been redeemed within 48 hours after the end of its period of impoundment and quarantine under this section, the Chief Operating Officer is authorized to dispose of the dog in any manner he or she considers appropriate.

Impoundment of potentially dangerous dog

11(1) A designated employee is authorized to impound a dog if

- (a) there is evidence that the dog has acted in a dangerous or aggressive manner toward humans or animals; and
- (b) the designated employee concludes that leaving the dog in the keeping of its owner could pose a danger to humans or animals.

11(2) Rather than impounding a dog under subsection (1), the designated employee may impose conditions on the dog's owner designed to minimize any threat posed by the dog pending a determination under section 13 (*Dangerous dog designation*) or section 15 (*Destruction of exceptionally dangerous dog*) or both.

11(3) A dog impounded under subsection (1) is not eligible to be redeemed under section 12 (*Redemption of impounded dogs*) until and unless either

- (a) the Chief Operating Officer has determined that the dog should neither be designated as dangerous under section 13 (*Dangerous dog designation*) nor destroyed as exceptionally dangerous under section 15 (*Destruction of exceptionally dangerous dog*); or
- (b) the Chief Operating Officer has designated the dog as dangerous under section 13 (*Dangerous dog designation*) and its owner is able and willing to comply with the restrictions resulting from that designation.

11(4) Where the Chief Operating Officer has determined that a dog impounded under this section should neither be designated as dangerous under section 13 (*Dangerous dog designation*) nor destroyed as exceptionally dangerous under section 15 (*Destruction of exceptionally dangerous dog*), it is eligible to be redeemed within 48 hours after its owner has been notified of this determination in compliance with subsection 13(4). After that point, the Chief Operating Officer is authorized to dispose of the dog in any manner he or she considers appropriate.

11(5) Where the Chief Operating Officer has determined that a dog impounded under this section should be destroyed as exceptionally dangerous under section 15 (*Destruction of exceptionally dangerous dog*), the dog must continue to be impounded until either it is destroyed under that section or the determination that the dog should be destroyed is overturned on appeal.

Redemption of impounded dogs

12(1) The owner of a dog that has been impounded under this By-law and that is eligible to be redeemed may redeem it if he or she can demonstrate to the satisfaction of a designated employee that he or she is the owner of the dog.

12(2) In order to redeem an impounded dog, its owner must:

- (a) pay all applicable fees;
- (b) pay the monetary penalty imposed in section 42 (*Monetary penalty for the costs of capturing animals*); and,
- (c) if the dog requires a licence, obtain a licence for the dog.

Dangerous dog designation

13(1) The Chief Operating Officer is authorized to designate a dog as dangerous if he or she concludes that the dog

- (a) is likely to cause significant harm or injury to individuals or animals; or
- (b) is used primarily to guard property.

13(2) In making a dangerous dog designation on the basis of clause (1)(a), the Chief Operating Officer must take into account:

- (a) any recent incident in which the dog has
 - (i) caused harm or injury to individuals or animals; or
 - (ii) pursued or menaced individuals or animals;
- (b) the nature of any incidents referred to in clause (a), including the seriousness of any harm or injury caused by the dog;
- (c) all the circumstances of any incidents referred to in clause (a) and, in particular, whether the dog was provoked; and
- (d) the behaviour of the dog since the incident.

13(3) Before making a dangerous dog designation under subsection (1), the Chief Operating Officer must

- (a) give notice to the dog's owner that a determination as to whether the dog should be designated a dangerous dog will be made;
- (b) provide the reasons why such determination is being made; and
- (c) give the dog's owner a reasonable opportunity to be heard.

13(4) The Chief Operating Officer, in compliance with section 116 of *The City of Winnipeg Charter*, must give notice to the owner of a decision to designate a dog as dangerous or not to designate it as dangerous.

13(5) The owner of a dog that is designated as dangerous may appeal the designation to the designated committee in accordance with section 189 of *The City of Winnipeg Charter* within 14 days of being given notice of the decision under subsection (4). If a dog has been impounded under section 11 (*Impoundment of potentially dangerous dog*), the impoundment must continue pending the appeal unless the owner complies with 14(1)(a) to (i).

13(6) The owner of a dog that is primarily used to guard property may apply to the Chief Operating Officer to have the dog designated as dangerous.

Consequences of dangerous dog designation

14(1) The owner of a dog that has been designated as dangerous must thereafter

- (a) ensure that, while on the owner's property, the dog is either kept securely confined indoors or is kept in a securely enclosed and locked pen, structure or yard which
 - (i) prevents the dog from escaping and young children from entering;
 - (ii) is at least ten feet wide and five feet deep;
 - (iii) provides adequate protection from the elements for the dog;
- (b) not permit the dog off the owner's property unless it is muzzled and restrained by a leash or chain of no more than six feet in length which is held by a person capable of controlling the dog;
- (c) provide to the Chief Operating Officer a certificate of a policy of comprehensive liability insurance which provides coverage in the amount of no less than \$1.0 million for harm or injury caused by the dog;
- (d) notify a designated employee immediately if
 - (i) the dog is running at large;
 - (ii) the dog has harmed any individual or animal;
- (e) provide a designated employee with the name and address of the new owner within two working days of selling or giving away the dog;
- (f) have a microchip containing the owner's name and current address as well as the fact of its dangerous dog designation implanted into the dog's skin by a licenced veterinarian;
- (g) notify a designated employee of the dog's death within two working days and provide evidence to prove the dog's death;

- (h) pay any applicable licence fees for the dangerous dog;
- (i) permanently and prominently display at each entrance to the property and any building in which a dangerous dog is kept, a sign designed and provided by a designated officer which warns visitors of the presence of a dangerous dog; and
- (j) ensure that the dog is sterilized.

14(2) The requirements in subsection (1) are imposed

- (a) if the owner fails to appeal the dangerous dog designation, as soon as the appeal period expires; or
- (b) if the owner appeals the dangerous dog designation and if the designated committee upholds the dangerous dog designation, when the designated committee makes that decision.

If the dog has not been impounded under subsection 11(1) (*Impoundment of potentially dangerous dog*), any conditions imposed by a designated employee under subsection 11(2) continue in force pending the appeal or expiry of the appeal period.

14(3) The requirement in clause (1)(j) does not apply to any dog that has been designated as dangerous prior to the coming into force of this By-law.

14(4) If the owner of a dog that has been designated as dangerous under this section fails to comply with the requirements of subsection (1), in addition to any other remedies or enforcement actions available, a designated officer is authorized under the City's authority to act in emergencies to immediately impound the dog and the Chief Operating Officer is authorized to consider whether the dog is exceptionally dangerous and should be destroyed under section 15 (*Destruction of exceptionally dangerous dog*).

Destruction of exceptionally dangerous dog

15(1) The Chief Operating Officer must make a determination as to whether a dog is exceptionally dangerous and should be destroyed where either

- (a) the dog
 - (i) has repeatedly bitten, clawed or otherwise attacked individuals or animals;
 - (ii) has engaged in an exceptionally brutal attack on an individual or an animal;
 - (iii) after having been designated as "dangerous" under section 13 (*Dangerous dog designation*), has caused injury or harm to, or has pursued or menaced, individuals or animals; or
 - (iv) has demonstrated other behaviour that causes the Chief Operating Officer to consider that the dog may be exceptionally dangerous; or

- (b) the owner of a dog that has been designated as dangerous fails to comply with the restrictions in section 14 (*Consequences of a dangerous dog designation*).

15(2) The Chief Operating Officer is authorized to determine that a dog is exceptionally dangerous and should be destroyed if

- (a) he or she concludes that the dog's behaviour is such that it poses a serious risk to the safety of individuals or animals that cannot be adequately addressed by restrictions imposed with respect to the dog, including those imposed with respect to a dangerous dog under section 14 (*Consequences of a dangerous dog designation*); or
- (b) the owner refuses to, or there are reasonable grounds to believe that he or she will fail to, comply with restrictions that the Chief Operating Officer concludes are necessary to protect the safety of individuals or animals.

15(3) Before making a determination under subsection (1), the Chief Operating Officer must:

- (a) give notice to the dog's owner that a determination under subsection (1) will be made;
- (b) provide the reasons why a determination under subsection (1) is being made; and
- (c) give the dog's owner a reasonable opportunity to be heard.

15(4) In making a determination under subsection (1), the Chief Operating Officer may consider any facts or evidence that are relevant to this determination.

15(5) Where the Chief Operating Officer makes a determination under subsection (1), he or she must give notice of this determination to the owner pursuant to section 116 of *The City of Winnipeg Charter*.

15(6) The owner of a dog that is determined to be exceptionally dangerous under this section may appeal the determination to the designated committee in accordance with section 189 of *The City of Winnipeg Charter* within 3 days of being given notice of the decision under subsection (5).

15(7) If a dog that has been determined to be exceptionally dangerous under this section is not impounded at the time the determination is made, its owner must destroy the dog or surrender it to an enforcement officer for impoundment within 24 hours of being given notice of the determination under subsection (5). If the dog is neither destroyed nor surrendered within 24 hours' notice, the Chief Operating Officer shall act immediately to impound the dog.

15(8) If a dog has been determined to be exceptionally dangerous, unless its owner destroys it under subsection (7), the Chief Operating Officer shall have the dog destroyed.

- (a) if the owner fails to appeal the determination, as soon as the appeal period expires; or

- (b) if the owner appeals the determination and if the designated committee upholds the determination, when the designated committee makes that decision.

15(9) If on appeal the designated committee does not uphold the determination that a dog is exceptionally dangerous and should be destroyed, the Chief Operating Officer may nonetheless designate the dog as dangerous under section 13 (*Dangerous dog designation*).

Police dogs exempted

16 Sections 10 (*Impoundment and quarantine for rabies observation*), 11 (*Impoundment of potentially dangerous dog*), 13 (*Dangerous dog designation*) and 15 (*Destruction of exceptionally dangerous dog*) do not apply to a Winnipeg Police Service dog or a dog owned by a law enforcement agency.

Valid licence tag must be worn by cat

20(1) Subject to subsection (3), the owner of a cat must ensure that his or her cat wears a valid licence tag when the cat is not on the owner's property.

20(2) Unless he or she is a designated employee, the cat's owner or has the consent of the cat's owner, no person may remove a valid licence tag worn by a cat.

20(3) Subsection (1) does not apply to a cat that is identifiable by a tattoo or imbedded microchip that has been registered with the Animal Services Agency.

effective January 1, 2015 (entire section)

Impoundment of cat running at large

21(1) A designated employee is authorized to impound a cat that has been turned over to the Animal Services Agency as having been running at large. In acting under this provision, a designated employee may require that a person turning over a cat do so at the facilities of the Winnipeg Humane Society or some other agent.

21(2) Unless it is redeemed earlier under section 24 (*Redemption of impounded cats*), the designated employee shall impound or ensure that a cat impounded under subsection (1) is impounded

- (a) for a minimum period of eight days in the case of a cat that is wearing a valid licence tag; or
- (b) for a minimum period of three days, in the case of any other cat.

21(3) If a cat being impounded under subsection (1) is wearing a valid licence tag, a designated employee must notify the owner of the cat's impoundment. The owner is entitled to redeem the cat under section 24 (*Redemption of impounded cats*) at any time during its impoundment.

21(4) If a cat has been impounded for a period of time specified in subsection (2) without having been redeemed, the Chief Operating Officer is authorized to dispose of the cat in any manner he or she considers appropriate.

Use of cat traps

22(1) A designated employee is authorized to rent or loan cat traps to individuals for the purpose of capturing cats running at large on condition that the individual agrees to

- (a) turn a captured cat over to the Animal Services Agency or its designated agent for impoundment;
- (b) treat the captured cat humanely; and
- (c) comply with any other conditions imposed by the Chief Operating Officer.

22(2) A person who borrows or rents a cat trap from the Animal Services Agency must comply with the terms and conditions imposed under subsection (1).

Impoundment and quarantine for rabies observation

23(1) Subject to this section, if

- (a) a designated employee suspects that a cat has been exposed to rabies; or
- (b) a cat bites or scratches an individual with its teeth so that the skin is broken, regardless of the circumstances of the bite or scratch,

the designated employee is authorized to capture, impound and quarantine the cat at the expense of the owner for a period of no less than ten days from the day of the bite or scratch for observation.

23(2) If a designated employee gives notice to the owner of a cat that he or she is acting under the authority of subsection (1), the owner must surrender the cat to the designated employee for impoundment and quarantine immediately.

23(3) As an alternative to impounding and quarantining a cat under subsection (1), the designated employee is authorized to permit or require the owner of the cat, at the owner's expense, to

- (a) have the cat quarantined at a veterinary clinic within the City of Winnipeg; or
- (b) have the cat quarantined on the property of its owner.

The designated employee is authorized to act under this subsection if he or she determines that the cat will be securely held and will not leave the property. The designated employee may impose conditions on a quarantine permitted or required by this section that are reasonable to ensure that the cat is appropriately confined during the quarantine period. An owner who fails to ensure that the cat is securely held on the property or fails to ensure compliance with other conditions imposed by a designated employee commits an offence.

23(4) If a cat is quarantined by a designated employee or on the property of its owner, a designated employee must observe it for symptoms of rabies. If it is quarantined at a veterinary clinic, the veterinarian must observe it for symptoms of rabies. If, during the quarantine period, it is determined to have rabies, the cat must be euthanized, if it has not already died or been euthanized. The cat's body must then be examined for proof of rabies at the expense of the owner of the cat.

23(5) A cat quarantined by the designated employee under subsection (1), unless it is determined to have rabies, may be redeemed under section 24 (*Redemption of impounded cats*) after its mandatory period of impoundment and quarantine has ended. If it has not been redeemed within 48 hours after the end of its period of impoundment and quarantine under this section, the Chief Operating Officer is authorized to dispose of the cat in any manner he or she considers appropriate.

Redemption of impounded cats

24(1) The owner of a cat that has been impounded under this By-law and that is eligible to be redeemed may redeem it if he or she can demonstrate to the satisfaction of a designated employee that he or she is the owner of the cat.

24(2) In order to redeem an impounded cat, its owner must:

- (a) pay all applicable fees; and
- (b) pay the monetary penalty imposed in section 45 (*Monetary penalty for costs of capturing animals*); and,
- (c) if the cat requires a licence, obtain a licence for the cat.

25(2) Subject to this section, unless the person holds a valid excess animal permit issued under section 26 (*Procedure for obtaining excess animal permit*), no person may own, harbour, keep, have in his or her possession, or have on a single parcel of land of which he or she is the occupant a total of more than six dogs and cats over the age of six months, of which no more than four may be dogs.

25(3) The obligation in subsection (2) applies even though a person holds a valid companion animal breeding premises licence or a kennel licence issued under *The Animal Care Act*.

Procedure for obtaining excess animal permit

26(1) When an application is made in compliance with this section, the Community Committee within whose geographical area the parcel of land for which an excess animal permit is sought is located is authorized to issue an excess animal permit authorizing the applicant to harbour, keep or have on a particular parcel of land dogs, cats or both dogs and cats that exceed the number permitted by section 25 (*Restriction on number of dogs and cats on property*).

26(2) In order to obtain an excess animal permit under subsection (1), an applicant must

- (a) apply to the Chief Operating Officer using a form acceptable to the Chief Operating Officer;
- (b) provide all information reasonably required in order to consider the application; and
- (c) pay the requisite application fee.

26(3) After receiving an application, the Chief Operating Officer must forward to the Community Committee

- (a) the application; and

- (b) a report prepared by the Chief Operating Officer setting out the following information:
 - (i) whether the applicant or the parcel of land for which the excess animal permit is sought has ever been the subject of an application for an excess animal permit or an approval for excess numbers of animals in the past;
 - (ii) the use and nature of the parcels of land immediately adjacent to the subject parcel and the character of the district within which the subject parcel is located;
 - (iii) any other information the Chief Operating Officer considers relevant to the application.

26(4) At least 4 days before the application is considered by the Community Committee, the City Clerk must post on the City of Winnipeg website, a copy of the report that has been or will be submitted to the Community Committee under clause (3)(b).

26(5) At least 14 days before the application is considered by the Community Committee, the applicant must post in conspicuous locations on the subject parcel of land copies of a notice which sets out:

- (a) the date, time and place of the Community Committee meeting at which the application for an excess animal permit will be dealt with; and
- (b) the website referred to in subsection (4) on which the report referred to in clause (3)(b) can be found when it is posted.

The copies of the notice must be posted facing every street or alley adjacent to the parcel and must be no more than one metre inside the parcel. The copies of the notice must remain posted until the meeting has taken place.

26(6) If the parcel of land for which an excess animal permit is sought is rented or leased, the applicant must, at least 14 days before the application is considered by the Community Committee, serve the notice referred to in subsection (5) on the owner of the property by personal service, or by sending it by registered mail or delivery to the owner's address.

26(7) Before deciding to issue or refuse to issue an excess animal permit, the Community Committee must consider written or verbal representations from any person who wishes to be heard.

Decision re. excess animal permit

27(1) An excess animal permit may only be issued if the Community Committee considers that

- (a) the dogs, cats or both dogs and cats for which the applicant is seeking a permit will not unduly annoy or disturb the occupants of nearby properties; and
- (b) the applicant can and will comply with this By-law, *The Animal Care Act* and all other applicable legislation in respect of the dogs, cats or both dogs and cats for which the applicant is seeking an excess animal permit.

27(2) The excess animal permit may be issued in respect of specifically identified dogs or cats or both dogs and cats, or may permit a specific number of unidentified dogs or cats or both dogs and cats. The excess animal permit may be issued indefinitely or for a limited time and may have conditions imposed on it.

27(3) It is a condition of every excess animal permit that the permit holder must comply with this By-law, *The Animal Care Act* and all other applicable legislation in respect of the dogs, cats or both dogs and cats to which the permit applies. If this condition or any other condition imposed on the permit is violated, the Community Committee is authorized to suspend or revoke the permit.

27(4) An excess animal permit applies to a specific person and to a specific parcel of land. It is not capable of being transferred to another person or to another parcel of land.

27(5) The City Clerk must give notice of the decision of the Community Committee to the applicant and every person who made representations at the Community Committee meeting in accordance with section 116 of *The City of Winnipeg Charter*.

27(6) The decision of the Community Committee concerning an excess animal permit is final and may not be appealed.

Variation of conditional excess animal permit

28 The holder of an excess animal permit may seek a variation or the removal of conditions imposed on the permit from the Community Committee that would have jurisdiction if a new application were being made for an excess animal permit. The procedure that applies to an application for an excess animal permit applies to the application for the variation or removal of conditions imposed on the permit.
