RE: Management Agreement between the City of Winnipeg and General Council of Winnipeg Community Centres (GCWCC) in regard to the Operation of Community Centres in the City of Winnipeg

FOR SUBMISSION TO: Executive Policy Committee

ORIGINAL REPORT SIGNED BY: Clive Wightman
Acting Director
Community Services Department

REPORT DATE: July 4, 2006

RECOMMENDATION:

1. That Council approve Appendix A of this report which outlines general terms and conditions for a Management Agreement between the City of Winnipeg and the General Council of Winnipeg Community Centres. This Management Agreement has been developed in accordance with the policy direction provided by the Recreation, Leisure and Library Facilities Policy, adopted by Council on May 18, 2005.
2. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing and execute such documents, including any ancillary or collateral agreements, as required.

Report Summary

Key Issues:

- The Recreation, Leisure and Libraries Facility Policy (RLALF) as adopted by Council on May 18, 2005 identified that the General Council of Winnipeg Community Centres (GCWCC) would assume an enhanced governance role in order to strengthen and optimize the community centre model in Winnipeg including areas involving capital investment, operations and programming.
- Appendix A to this report outlines the general terms and conditions of a Management Agreement between the City of Winnipeg and the General Council of Winnipeg Community Centres. The following components have been addressed in the proposed responsibilities contained in Appendix A:
 1. A facilities hierarchy that provides general guidance around the provision of facilities, including facility to population ratios.
 2. Direction for existing facilities and for the introduction of new facility types.

3. A stronger leadership mandate for the GCWCC to optimize the community centre model in Winnipeg. In support of this role \$150,000 in annualized funding was provided to GCWCC, conditional upon Council approval of a GCWCC business plan.
 4. A commitment to sustaining existing, programmable recreation and leisure square footage while encouraging a reconfiguration of facilities over time
 5. A commitment to consultation.
 6. A commitment to “managed care” level of maintenance for new facilities and where possible for existing facilities
 7. A reinvestment strategy
- A Steering Committee was struck, including representation from the General Council of Winnipeg Community Centres, in order to develop the general terms and conditions of this Management Agreement.
 - The roles and responsibilities of GCWCC were approved by the Board of GCWCC .

Implications of the Recommendation(s):

General Implications

- None
- For the organization overall and/or for other departments
- For the community and/or organizations external to the City
- Involves a multi-year contract

Comment(s):

- The role of the GCWCC relative to governance is provided in the report.
- This Management Agreement formalizes a relationship between the City of Winnipeg and the General Council of Winnipeg Community Centres (GCWCC) providing GCWCC with greater responsibility in coordinating community-based discussions and recommendations for those City of Winnipeg Neighbourhood Community Clubs (Centres) and Community Recreation and Leisure Centres that are governed by the GCWCC.

Policy Implications

- No
- Yes

Comment(s): The proposed Management Agreement between the City of Winnipeg and General Council of Winnipeg Community Centres (GCWCC) in regard to the operation of Winnipeg Neighbourhood Community Clubs (Centres) and Community Recreation and Leisure Centres that are governed by the GCWCC meets the intent of the Recreation, Leisure and Libraries Facility Policy Adopted by Council on May 18, 2005.

Regulatory Implications

- None
- Eliminates or reduces regulatory impact
- Proposes regulatory impact

Comment(s):

Environmental Implications

- No
- Yes

Comment(s): The proposed Management Agreement being recommended by the GCWCC and the Administration promotes sustainable practices by maintaining the current square footage of recreation and leisure space. Furthermore, by encouraging a reconfiguration of facilities, energy consumption should improve with newer, more energy efficient equipment and energy sources. There is also the potential for recycling older buildings.

Human Resources Implications

Report

REASON FOR THE REPORT:

Council approval is required to implement the proposed GCWCC responsibilities that will be contained in a Management Agreement between GCWCC and the City of Winnipeg as related to City of Winnipeg Neighbourhood Community Clubs (Centres) and Community Recreation and Leisure Centres that are governed by the GCWCC.

HISTORY:

Plan Winnipeg 2020 Vision – Section 5D-02 Provide Leisure Facilities – promotes the RLALF Policy through the following statement: “The City shall provide leisure facilities for the use of residents and visitors by: iii) developing a strategic leisure facilities master plan with public participation to maximize the use of existing facilities including converting or consolidating leisure facilities to meet emerging community needs and minimize operating costs.

On **April 17, 2002** Executive Policy Committee approved the following mandate for the administration: “to develop a long-term sustainable strategy and fiscally sound business case for managing the City of Winnipeg’s Public Use Facilities that supports an appropriate level of community-based service.”

In **May 2003** the Public Use Facilities Study (PUFS) was launched when the Chief Financial Officer approved the Award of Professional Consulting Services to the consultant team of ERA (Chicago) / ND LEA (Winnipeg) / Number 10 Architects (Winnipeg) with the final deliverable of a Strategic Framework and Business Case due in May 2004.

On **January 28, 2004** City Council adopted the A.C.T.I.V.E. Policy Framework for the City of Winnipeg Public Use Facilities, a set of guiding principles for the long-term

provision of recreation, leisure, and library facilities in Winnipeg, acknowledging that the current situation is unsustainable.

On **May 3, 2004** the Standing Policy Committee on Protection and Community Services received the Community Centre Review Task Force Report and referred the recommendations of that review to the Public Use Facilities Study process.

On **July 16, 2004** Executive Policy Committee received the Public Use Facilities Study (PUFS) as information.

On **May 18, 2005** City Council Adopted the Recreation, Leisure and Library Facilities Policy (RLALF). There are seven components to the RLALF policy:

1. A facilities hierarchy that provides general guidance around the provision of facilities, including facility to population ratios.
2. Direction for existing facilities and for the introduction of new facility types.
3. A stronger leadership mandate for the GCWCC to optimize the community centre model in Winnipeg. In support of this role \$150,000 in annualized funding was provided to GCWCC, conditional upon Council approval of a GCWCC business plan.
4. A commitment to sustaining existing, programmable recreation and leisure square footage while encouraging a reconfiguration of facilities over time
5. A commitment to consultation.
6. A commitment to “managed care” level of maintenance for new facilities and where possible for existing facilities
7. A reinvestment strategy

DISCUSSION:

The Recreation, Leisure and Libraries Facility Policy (RLALF) as adopted by Council on May 18, 2005 identified that the General Council of Winnipeg Community Centres (GCWCC) would assume an enhanced governance role in order to strengthen and optimize the community centre model in Winnipeg including areas involving capital investment, operations and programming.

Further, the RLALF policy called for a Management Agreement between the City of Winnipeg and the GCWCC to be developed based upon the following parameters:

Governance:

- GCWCC will have a leadership mandate to strengthen and optimize the community centre model in Winnipeg

- GCWCC will operate through district boundaries that match the City's Community Committee boundaries.
- GCWCC will report to Council through Executive Policy Committee
- GCWCC will be governed by a Board representing community centres and the Board will include 2 City appointed community representatives that will ensure financial, asset management and legal expertise.
- GCWCC will provide an annual 3 year business plan and audited financial statements
- GCWCC will be authorized to run those Neighbourhood Community Clubs and Community Recreation and Leisure Centres, in high need areas and within their mandate, where it is not possible to sustain a volunteer board and programming.
- GCWCC will work in close collaboration with the City to ensure that efforts in terms of programming and facilities are complementary.

Capital Investments:

- GCWCC will facilitate consultation processes with respect to opportunities to reconfigure and optimize centres within the existing square footage of community centre space. GCWCC will consult to identify and prioritize capital investments within their mandate, considering the needs of the local community, the district, the city overall and the parameters of this policy.
- GCWCC will keep Councillors informed as to consultation activities and project proposals in their respective wards.
- GCWC will make recommendations for new capital projects to EPC once a year as part of their annual business plan.
- GCWCC will advise on and coordinate infrastructure grant applications.

Operations:

- GCWCC will play a role in providing day-to-day administrative support to community centres and will collaborate with the City to optimize the support provided to community centres.

Programming

- GCWCC will facilitate the coordination of community centre programming to maximize coverage and minimize duplication in efforts.

As such, an enhanced role for the General Council of Winnipeg Community Centres is recommended through Council adoption of the Attached Management Agreement (Appendix A). Additional resources have been identified for the GCWCC to assume these new responsibilities. To this end, Council has approved through the adoption of

the 2006 Operating Budget, an increase of \$150,000 to the GCWCC's annual operating grant.

By introducing new facility types and by encouraging communities to reconfigure their recreation, leisure, and library space over time, this policy will facilitate the provision of a more contemporary set of facilities for Winnipeggers. Furthermore, by placing limitations on the manner by which recreation, leisure, and library facilities will evolve in the future, by establishing a mechanism for accountability in decision-making, and by providing a means for re-investment into the system, the policy will move, over time, toward a more financially sustainable model for Winnipeg. It should be noted that no community centre would be required to close without the support of the Community Centre Board and GCWCC.

It should also be noted that the City of Winnipeg Audit Department in the document "Review of Community Centres 2003" recommended that the City of Winnipeg and GCWCC enter into a management agreement in order to support the operation of the City of Winnipeg Community Centres.

The mandates of the GCWCC and the City of Winnipeg, as described in the Management Agreement, have been approved by the GCWCC Board and the City of Winnipeg Administration. Background information for each mandate is attached in Appendix B where warranted.

The proposed responsibilities of GCWCC are contained in Appendix A and have been approved by the GCWCC Board and the City of Winnipeg Administration.
