 - (i) the health or safety of people;
 - (ii) private or public property; or

13(2) Where a business is required to be licensed under more than one of the categories set out in Schedule "A", the applicant or licence holder must pay the fee specified in Schedule "A" for all of the categories applicable to the business before the licence may be issued or renewed.

13(3) An applicant must pay the entire annual licence fee applicable to the business notwithstanding that the application for a licence is made in the course of the licence year.

13(4) Licence fees are not refundable and may not be waived or reduced.

13(5) Where a fee is paid by cheque which cannot be cashed due to inadequate funds in the account, the licence issued or renewed for which the cheque was issued is void and a fee for the NSF cheque as prescribed by Council is payable by the person writing the cheque.

13(6) Subject to subsections (7), without the need for amendment of this By-law, the fees set out in Schedule "A" shall be increased on the following dates by an amount that is equal to the amount of inflation as calculated by the Consumer Price Index average, all items, for Winnipeg for the 12

14(2) Subject to subsection (3), the Record Review Board shall sit in panels made up of at least three members to consider applications made pursuant to this By-law.

14(3) The Chief of the Winnipeg Police Service or delegate may determine an appropriate process for accepting and dealing with applications to the Record Review Board for a certificate and, without restricting the generality of the foregoing, may authorize a single member of the Record Review Board to issue a certificate in specified circumstances on behalf of the Record Review Board.

Applications for certificate from Record Review Board

15(1) Where this By-law requires that one or more certificates from the Record Review Board must be provided as a condition of obtaining a licence, the applicant must apply to the Record Review Board for the required certificates.

15(2) When applying for a certificate, an applicant must provide the Record Review Board with accurate identification and the releases and authorizations sufficient to allow the Record Review Board to review, throughout the duration of the licence, the criminal and other records of every individual for whom a certificate is required as a condition of obtaining a licence.

Individuals requiring record reviews

16(1) Subject to section 68 (record review board certification required for employees of used goods dealers), where this By-law provides that a licence must not be issued unless a certificate from the Record Review Board has been issued, the certificate must be provided in respect of each of the following individuals:

16(3) It is a condition of a licence issued under this By-law that a licence holder under this Part must immediately notify the Record Review Board when any individual for whom a Record Review certificate is required is convicted of a criminal offence.

Criteria for certificate

17(1) The Record Review Board must issue a certificate except where, after making or causing to be made any investigations or inquiries reasonably required to make this determination, including the review of criminal and other records, it concludes that allowing the individual for whom a certificate is sought to hold a licence or to manage a licenced business would create a reasonable apprehension of harm to the health, safety and welfare of persons or property or the reasonable apprehension that it would facilitate the commission of a criminal offence.

17(2) In making its determination under subsection (1), the Record Review Board shall consider the individual's record of convictions, if any, for criminal and other offences.

Revocation of certificate

18(1) Subject to subsection (2), the Record Review Board may revoke a certificate where it is aware of information that causes it to conclude that allowing the individual for whom a certificate has been issued to continue to hold a licence or to manage a licenced business creates a reasonable apprehension of harm to the health, safety and welfare of persons or property or the reasonable apprehension that it will facilitate the commission of a criminal offence.

18(2) Before revoking a certificate under subsection (1), the Record Review Board must:

- (a) notify the licence holder and the person concerning whom the certificate has been issued that consideration is being given to revoking the certificate;
