6. REMOVING SAFETY BARRIERS The motion to approve the second half of the emergency mitigation project is now 4 months old. Staff have provided no update in writing, and have not updated the test for this Agenda item. As expected, there has been no explanation of the plans for the underground facilities. Is this not proof that no one involved supports TRANSPARENCY? If Councilors promise openness, but encourage only verbal reporting, and staff keep things secret, is anyone responsible?
